## EIGHTY YEARS TO-MORROW, SIR GEORGE FOSTER FULL OF ENTHUSIASM FOR CAUSE

Veteran Statesman of Canada Has Delivered 300 Addresses in Seven Years in Interest of League of Nations and Abolition of War

Eighty years of age to-morrow, but imbued with enthusiasm for his great mission, which calls for activity that would tire a man half his age, Sir George Foster, Canada's veteran statesman and silver-tongued orator, is today receiving congratulations which are pouring into the Empress Hotel from all parts of Canada. Admirers of Sir George for his great fight in which he must be acknowledged as the leader for the abolition of war would be even greater admirers of him could they meet him personally and learn how his interest in the League of Nations and the world peace outweighs any personal considerations.

"Yes, I am eighty years of age to-morrow, so the records say," he smilingly commented. "And there is no reason to doubt them." He was anxious to proceed on the project of world's peace rather than talk of himself, but in response to questions, said that he felt repaid for his efforts by the sympathy of the people of Canada towards the objects of the league.

### THREE HUNDRED ADDRESSES

"I could not say how many addresses I have made," he said, "but from 1920 to 1927 I have averaged forty to fifty a year, covering all the provinces of the Dominion."

Sir George admitted that it was a strain. "It would be," he said, "on a younger man. But I am added, with a smile, 'if the strain becomes too great one can always take his revenge by venting it on the audience.' Seriously, he added, the deep interest and ever-increasing sympathy which had been shown for the movement repaid him for the hard work he performed.

### STRENUOUS PROGRAMME

Sir George spoke Tuesday and Wednesday on the mainland. Tonight he will speak at the Royal Victoria Theatre. After his address he will leave on the midnight boat for Vancouver and will speak in Vancouver again Sunday night. He will leave for the East Monday. Lady Foster, who accompanied him to Vancouver, remained on the mainland. In spite of this strenuous programme, Sir George appeared in perfect health on the eve of the eightieth anniversary of his birthday.

## BODY FOUND IN POOL OF BLOOD

Belief That A. E. Leach Was  
Murdered at Tofino Gains  
Credence

Provincial police here are in receipt of information leading them to a conviction that A. E. Leach, fisheries officer at Tofino, was murdered in his launch. The body was found several days ago, and investigations have been continuing since. No arrests have been made, although police have been able at least to fasten suspicion.

Leach was found lying in a pool of blood on the floor of the cabin of his boat, with cuts upon his face and head. Blood stains indicated that a struggle had taken place inside the cabin of the launch. When Mrs. E. W. Abraham, wife of the justice of the peace at Tofino, went to investigate what appeared to be the deserted cruiser of the fisheries officer, she discovered that all was not well on board the craft. Summoning the aid of Clarence Dawley and a man named Bert, the three of them went back to the launch. One of the men put his head through a broken port, and was met by the scene of death inside. The body lay in a welter of blood.

Leach had lived on the West Coast for some time and was employed by the Government in transporting fisheries inspectors. He was last believed to have been seen in company with Indians on Monday evening.

It was expected that Inspector T. W. B. Parsons of Victoria and other officers, together with Dr. A. D. Morgan of Alberni, would arrive in Tofino some time yesterday. No word of their presence there has been received, but they are intent upon making a further examination of the dead man's wounds, and of the facts of the case. Only the provincial police officers preceded Inspector Parsons in Tofino.

### ARCHBISHOP ILL

Regina, Sept. 2.—The condition of Most Rev. O. E. Mathieu, Archbishop of Regina, dangerously ill in the Grey Nuns' Hospital here, was reported to be somewhat better to-day. Last night was one of the best nights he has had for weeks.

## COURTNEY PLANE FLIES TO PLYMOUTH

Jump From Southampton is  
First Leg of Transatlantic  
Flight

Plymouth, Eng., Sept. 2.—Capt. F. T. Courtney and his two companions aboard the biplane Whale landed here at 5 p.m. to take a fresh load of petrol and start their transatlantic flight at dawn Saturday, if the weather remains favorable.

Southampton, Eng., Sept. 2.—Captain F. T. Courtney and his two companions hopped off in their biplane, the Whale, for Plymouth, first jump of their proposed transatlantic flight. They took the air at 9.35 o'clock this afternoon on the first leg of their overseas voyage.

## PLANE CREW READY FOR FLIGHT FROM QUEBEC TO ENGLAND

St. John's, Que., Sept. 2.—The monoplane Royal Windsor will be able to hop off by 5 o'clock this afternoon. Newly discovered damage to the tail skid is being rapidly repaired, according to the pilots.

St. John's, Que., Sept. 2.—"We are going to hop off as soon as conditions are favorable," Phil Wood, co-pilot of the monoplane Royal Windsor, told the Associated Press this morning.

Mr. Wood said it probably would be noon before he and C. A. Schiller would be in position to take the air.

"When we leave this place we will go just as far as we can," said Wood.

He seemed confident they would span the Atlantic to Windsor, England.

Wood said he and Schiller would keep a sharp watch between here and the coast for the missing England-Ottawa aeroplane St. Raphael, and would not relax their vigil when they left the Newfoundland coast on the jump across the Atlantic.

Speaking of the forced landing of the Royal Windsor here at 8 o'clock last night, Wood said:

"We had been in the air for nine hours and everything was pretty hot."

(Continued on page 9)

## DEATHS IN TRAIN WRECK IN FRANCE

Tours, France, Sept. 2.—A Paris-Bordeaux express train was derailed and wrecked near here at midnight. Five persons were killed and it is feared other victims are beneath the train.

## SPECIAL FEATURES IN SATURDAY'S TIMES

How Vancouver Island is becoming world-known for the grandeur of its scenery and unexcelled sport.

A literary journey up Kingsome Inlet with Robert Connell, Victoria naturalist.

Beach costumes from the Lido and other fashion features.

Miss Edna Browning Ruby, America's outstanding business woman.

Who will be the next mistress of the White House at Washington?

Nathan Miller, business czar with human traits.

Michael, the baby King of Roumania.

Model aircraft building and other features for the children.

"Your Way and Mine," a complete story by F. Scott Fitzgerald.

Four-page comic supplement by the highest paid cartoonists on the continent.

## IN MAINE CANADIAN FLIERS AWAIT FAVORABLE WEATHER FOR FLIGHT ACROSS ATLANTIC TO LONDON

Above is a view of the London, Ontario, monoplane Sir John Carling, which landed in a farmer's field near the town of Washburn, six miles from here, about 6 p.m. yesterday. The crew is composed of Capt. T. D. Tully (right), pilot, and Lieut. J. V. Medcalf (left), navigator.

## LONDON-LONDON AVIATORS REST FOR ONE DAY IN MAINE

Await Favorable Weather Reports Before Flying Out Over Atlantic

Caribou, Maine, Sept. 2.—The monoplane Sir John Carling, which landed in a farmer's field near the town of Washburn, six miles from here, about 6 p.m. yesterday, probably will remain until to-morrow before attempting to resume the flight from London, Ont., to Harbor Grace, Nfld., and thence to London, Eng.

Captain T. D. Tully and Lieut. J. V. Medcalf found it raining when they awoke this morning after a good sleep.

FOG ENCOUNTERED

"The rain was heavy," said Captain Tully, "but it looks as if we would run into the same fog that forced us back yesterday if we try to force it today. I figure we covered about 800 miles in the air yesterday and most of that time we were trying to dodge the fog. We have about 140 gallons of gasoline left, and I don't think we will have to take on any more here. We plan to start for Harbor Grace as soon as we can be reasonably sure of clear weather, but there is no occasion for hurry as we have not any set schedule. As things look now, I think we'll loaf around here until to-morrow."

### LEFT PLANE IN FIELD

Tully and Medcalf were pleased at finding so good a landing place. The plane came down without difficulty in a level farm field owned by Henry Mitchell. The fliers were too tired to talk when they arrived last night in Caribou, one of the big towns of the Arrowhead country, and after the six-mile automobile drive from Washburn. Satisfied the plane was in perfect shape, they left it in the field.

"It seemed so unusual to them that they were waiting to see if there was any mention of the occurrence."

"When we hit the St. Lawrence River Valley," said Captain Tully, "we encountered fog."

(Continued on page 9)

## WORLD AVIATORS FLY TO BAGDAD

Brock and Schlee Make Trip  
in Monoplane From  
Constantinople Field

Bagdad, Sept. 2.—The Pride of Detroit, round-the-world aeroplane, arrived at Bagdad at 9.30 o'clock to-night.

Constantinople, Sept. 2.—The round-the-world monoplane Pride of Detroit hopped here at 5.30 o'clock this morning for Aleppo and Bagdad. The aviators, William S. Brock, pilot, and Edward F. Schlee, Detroit business man, hoped to reach their destination, Bagdad, about 1,075 miles from Constantinople, by 4.30 in the afternoon.

## Three Lost Lives When Car Went In Niagara Gorge

Niagara Falls, N.Y., Sept. 2.—Three unidentified persons were killed and a child was probably fatally injured when a small sedan plunged into the Niagara River gorge below drive from Washburn. Apparently the driver lost control of the car and it dropped more than 100 feet when it went over the embankment.

## ALL MALE TEACHERS FIND EMPLOYMENT

When schools open in British Columbia next Tuesday all male teachers with experience will be employed. Very few of the recent male graduates from normal school also will be without positions, Dr. A. J. Willis, Superintendent of Education for British Columbia, stated this morning.

Good male teachers, he added, are always in demand and he was glad to note the teaching profession appears to be appealing to men more than it used to do.

The surplus in female teachers which was a matter of comment a few years ago is gradually disappearing and is not nearly as large as two years ago. This is due partly to the fact that fewer girls are attending normal schools and that others are continuing their studies to receive a higher academic education before attending normal school, which tends to raise the standard of the teaching profession.

## Surplus of Female Teachers Is Also Gradually Dis- appearing

When schools open in British Columbia next Tuesday all male teachers with experience will be employed. Very few of the recent male graduates from normal school also will be without positions, Dr. A. J. Willis, Superintendent of Education for British Columbia, stated this morning.

Good male teachers, he added, are always in demand and he was glad to note the teaching profession appears to be appealing to men more than it used to do.

The surplus in female teachers which was a matter of comment a few years ago is gradually disappearing and is not nearly as large as two years ago. This is due partly to the fact that fewer girls are attending normal schools and that others are continuing their studies to receive a higher academic education before attending normal school, which tends to raise the standard of the teaching profession.

## AGENT - GENERAL NOW ON COAST

Hon. F. A. Pauline and Mrs. Pauline on Visit From London

Visit of Double Interest in  
regard to City's Industrial  
Aims

Hon. F. A. Pauline, Agent-General in London for British Columbia, is in Vancouver to-day and is expected in Victoria this week-end, arriving from England to take part in the Pacific Foreign Trade Conference to be held in Victoria September 15. The Agent-General is accompanied by Mrs. Pauline, who will prolong her stay in Victoria beyond the time spent to the Agent-General on this occasion.

Oliver Pauline, of this city, crossed yesterday to the mainland to meet his parents.

While in Victoria the Agent-General will take up with the Government matters affecting British Columbia's headquarters in London. His visit at this time is of double interest, as Mr. Pauline aided materially in opening communications between Victoria and English capitalists in regard to proposed motion picture and other negotiations.

## PREMIER IS KEEN TO VISIT PEACE RIVER

Pressure of Duties Prevents  
Acceptance of Invitation

Hon. J. D. MacLean, Premier of British Columbia, is anxious to visit the Peace River country, but finds it impossible at this time, he said today, commenting upon a cordial invitation which has been extended to him from the Peace River Board of Trade.

"It is a delightful trip and I should like to see the Peace River district, which I have not yet visited," said the Premier, "but pressure of other duties prevents me setting a date when I could do so."

The Premier's interest was stimulated by glowing reports received from the members of the party accompanying Hon. J. H. King, Federal Minister of Health and Soldiers' Civil Re-establishment, who are now on a tour of inspection of the Peace River. Their reports of a wonderful harvest in a great fertile area rapidly on the way to development as one of the richest agricultural zones in the Dominion of Canada have aroused considerable interest.

## Barges Are Adrift With Man Aboard

Bridgeport, Conn., Sept. 2.—Four barges with a crew captain aboard were missing to-day after breaking loose from a string of seven that were being towed from New York to Port Jefferson last night.

## WHILE WORLD AWAITS NEWS OF ATLANTIC PLANE SAILORS REPORT LIGHT

## PRINCE OF WALES SPEAKS OF BRIGHT FUTURE OF CANADA

In Address in Montreal He  
Bids Farewell After Tour to  
B.C. Coast

Describes Canada as Country  
Worthily Fulfilling Great  
Destiny

Montreal, Sept. 2.—The Prince of Wales and Princess George to-day, nearing the end of their tour of Canada, which took them as far as Victoria, B.C., bade farewell to the country. Through the Canadian Club of Montreal, the words of the Prince of Wales were addressed to the Association of Canadian Clubs and to the whole of Canada.

Giving his impressions of the last five weeks, he drew a metaphor from the mines of precious metals he had inspected in the Rockies a week ago. "Canada," he said, "the heart and soul of Canada, the possibilities of Canada—Canada is a reef of precious metal so vast in extent that no man living can value it. The deeper you go the more established you become at the wealth—material wealth and wealth of character—which you find here, and the effect on one who loves Canada is a feeling that here, at any rate, is a great country worthy of fulfilling a very great destiny."

Brigadier-General E. D. Panet, president of the Montreal Canadian Club, who is also in charge of the Prince's tour, presided.

### HIS FOURTH VISIT

Departing guests are usually required to record their impressions, as the saying goes, even if it is only a question of writing complimentary or other remarks in the hotel register, said the Prince of Wales. "To-day I should like to record my impressions of my fourth visit to Canada, which I am sorry to say, is so near its close."

"But are those impressions worth recording? I think so, they certainly are. But I have to ask myself the question, 'Do you think so, too?' At first sight you quite naturally feel that I, who have been from a superficial point of view just traveling around the Dominion in a special train, partaking of unlimited hospitality, much like any other visitor—you might well feel that I can have no real impressions worth talking about, either here or when I get back home, especially when I get back home, especially when I get back home."

(Continued on page 2)

## WAGES ARE ISSUE AT WELLAND CANAL

Federal Labor Minister Looks  
Into Differences Between  
Workmen and Contractors

Toronto, Sept. 2.—Hon. Peter Heenan, Federal Minister of Labor, is in Toronto to-day conferring with some of the labor leaders, following a suggestion of trouble in connection with various trades engaged in the construction of the Welland Ship Canal.

Contracts with the Government for construction of the canal provide that current rates of wages and current hours of labor shall prevail and where the contract provides for a provision that in the district, there is a provision that shall prevail.

Mr. Heenan has already conferred with the contractors on the question.

## STORM LOSSES IN PORTUGAL

Lisbon, Sept. 2.—A thunderstorm with big hailstones and heavy rain is reported to have destroyed crops, flooded fields and killed many cattle and sheep in northern Portugal. The town of Leiria, north of Lisbon, was one of the heavy sufferers.

## ATLANTIC CROSSED BY AIR VOYAGERS THIRTEEN TIMES

New York, Sept. 2.—Since 1910, when the first attempt to span the Atlantic by air was made, the ocean has been crossed thirteen times—ten times by the heavier-than-air machines and three times by dirigibles.

During the same period seven attempts ended in failure, taking a toll of six lives.

Men of Dutch Steamship *Blijdendijk* Say They Saw Light 420 Miles East-southeast of New York at 10 p.m. Wednesday, Victoria Time, and That It Was Moving East, Which Was Wrong Direction for the England-Ottawa Aeroplane Piloted by Capt. L. Hamilton

## DOUGLAS FIR FOR DOCKS IN ENGLAND

Douglas fir has won another victory in England, where it has recently been called for in several big contracts, according to word received to-day from the office of the Agent-General for British Columbia in London. As the result of a year of continuous campaigning, the letter states, the Port of London Authority has placed an order for a considerable quantity of Douglas fir for construction work at the new docks at Tilbury, this notwithstanding the fact that specifications for this work originally called for pine.

## CITY BUILDING TOTALS OVER MILLION MARK

Construction Since January 1  
Placed at \$1,025,000 in  
Declared Totals

With the addition of \$53,000 as a due percentage of the sum of \$90,000 expended by the city annually for repairs to the city's premises, Victoria's building totals went over the million mark this week, with a declared value of \$1,025,000 recorded since the first of the year.

With the commencement of work for the fall period building permits have been running between \$10,000 and \$15,000 a week for the last three weeks.

## Mail and Empire Is Reported Sold

A report reached Victoria to-day that negotiations had been completed for the sale of The Mail and Empire, one of the four daily newspapers of Toronto, to unnamed interests. It was stated the first payment would be made October 1. The purchase price mentioned was \$2,500,000.

## Eleven Killed in Argentina Explosion

Buenos Ayres, Sept. 2.—Eleven persons were killed in an explosion at a fireworks establishment in the suburb of San Martin to-day. The building was wrecked and burned following the explosion. It was feared bodies of additional victims would be found.

## SIR R. FALCONER TO BE GUEST OF CLUB

Sir Robert Falconer, president of the University of Toronto, will be a guest of honor at a dinner to be given by the Canadian Club at the Empress Hotel on Monday evening at 6.30. Graduates of Toronto University are invited to attend this dinner, and at the conclusion Sir Robert will meet them in the private dining-room.

## LEEDS, ENGLAND, HOST TO ABSENT-MINDED COLLEGE HEADS AT CONVENTION

Leeds, Eng., Sept. 2 (Canadian Press Cable).—Jokes about absent-minded professors are common enough in humorous paragraphs in newspapers, but Leeds this week is experiencing the real thing in connection with the annual meeting here of the British Association for the Advancement of Science, which opened two days ago. The proverbial absent-mindedness of professors has been exemplified in several instances already.

The palm so far must be awarded to a professor who, after having put a question to a clerk in the reception department in the town hall and received a satisfactory answer, returned soon after and wanted to know what was the question he had asked.

One lecturer is in despair because he lost his baggage and his lecture notes en route from London to Leeds. At Leicester he lost the train to Leeds and was forced to wait for a train to depart from the station with out him.

Halifax, Sept. 2.—The wireless station at Cape Race, Nfld., advised the Canadian naval dockyard here this afternoon of a message received from the Dutch steamship *Blijdendijk* stating that at 6 a.m., Greenwich time, yesterday (10 p.m. Wednesday, Victoria time), the vessel had sighted a white light, probably belonging to an aeroplane, at latitude 39.28 north, longitude 64.43 west.

The light was proceeding in an easterly direction.

The position of a white light thought to be that of an aeroplane traveling east, reported by the steamship *Blijdendijk*, was about 420 miles east-southeast of New York.

If the light should prove to have been that of the England-Ottawa monoplane St. Raphael, it indicates the machine was far south of its course and probably had lost its way, as the steamship reported the light moving eastward, away from the plane's destination.

It would also be the first positive word of the plane since it was sighted near Halifax Bay, Ireland, at 7.10 a.m. on Wednesday, after leaving Upton, England, at 7.22 a.m. on that day. The *Blijdendijk*, a freighter, left Norfolk, Virginia, at 6 o'clock last night with a general cargo for Rotterdam.

St. John's, Nfld., Sept. 2.—Newfoundland remained to-day without any word from the England-Ottawa aeroplane St. Raphael.

The Newfoundland Government has not yet made any plans to institute a search for the lost plane. The feeling here is that such a search would be useless in the absence of any indication that the fliers ever reached a point in or near Newfoundland.

### SEARCH ORGANIZED

New York, Sept. 2.—Unless definite word is received by the time the monoplane St. Raphael, long behind schedule in its flight from Upton, Eng., to Ottawa, the Foster monoplane St. Raphael may forfeit its chances of an immediate takeoff for Rome and hop off late to-day for Harbor Grace, Nfld., to search at sea for the overdue British fliers.

If the runway at Roosevelt Field, drenched in yesterday's heavy downpour, dries sufficiently to permit a takeoff, Lloyd Bertand and James D. Hill, the aviators in the projected New York-to-Rome flight, will start North to search until the fate of the St. Raphael is determined or until prolonged hunting becomes obviously futile.

Bertand and Hill, according to tentative plans, will be accompanied by Edgar Alexander, a mechanic, Captain Eric Danham, a motor expert, Charles Ellsworth, a radio operator, and possibly Philip Payne, representative of William Randolph Hearst, backer of the Old Glory expedition.

Efforts are being made to obtain 850 gallons of ethyl gasoline stored at Ottawa, for use in the Old Glory when it reaches Newfoundland.

Harbor Grace was designated as the fuel base for the rescue party. From (Continued on Page 2)

## French Plane May Start To-morrow For New York Field

Paris, Sept. 2.—Undeterred by the failure of to-day's attempt to fly across the Atlantic, Leon Olvon, pilot of the biplane *Bleuclair*, told the Associated Press he and Pierre Corbu would hop off to-morrow if conditions were similar to or better than those of to-day. New York is their goal.

### Many Veterans Are Employed by Paige

Detroit, Mich., Sept. 2.—When the three Graham brothers took over active management of the Paige-Detroit Motor Car Company, they found in every department veterans of many years' service.

From the highest executive offices to the staff of watchmen, the Paige records reveal an unusually small percentage of turnover in personnel. Many of the men who played important roles in building the first Paige car eighteen years ago are still with the company while the rolls contain the names of nearly 100 employees that have been continuously with the company since the first six-cylinder Paige was produced thirteen years ago.

And the veteran standing of the organization is not limited to factory personnel. At many points throughout the country, the same distributors have handled Paige cars for more than ten years.

"We count the fact that Paige has been building good automobiles for eighteen years as one of the greatest Paige assets," said Robert C. Graham, vice-president of the company. "Veteran craftsmen who have been building Paige six-cylinder motors for a decade are building better motors to-day because of their accumulated experience."

Among the 900 pupils in one school in Dundee, Scotland, are fourteen pairs of twins, eighteen boys and ten girls.

Canada has 18,250,000 horse-power at ordinary minimum stream flow (i.e. throughout the year), rising to more than 22,000,000 for at least six months of the year.

### AIR MAIL BOMBER

**LIEUT. CLARENCE H. SCHILDAUER**

naval ace of the U.S., who made the first attempt to carry mail from shore-to-shore in order to save one day in transatlantic transportation of mail. His first flight to the St. Lawrence River did not meet with success, but further arrangements are being made to carry the scheme out regularly.

Arrangements are being made for graduates of Toronto University to meet Sir Robert A. Falconer, President of the University, during his stay in Victoria. For this purpose Sir Robert will be in the private dining room of the Empress Hotel following his address at the Canadian Club dinner on Monday evening.

**MAY ST. MAN TELLS HOW HUSKY BROUGHT NEW HEALTH TO HIM**

**Constipation and Stomach Trouble Had Kept Local Resident in Run-down Condition for Years**

There are many ways to get temporary relief from ailments, but Husky, the herb preparation, distributed by the MacFarlane Drug Co., is giving relief and NEW HEALTH to thousands in Victoria and vicinity because it strengthens the body organs as it gives relief. When used over a reasonable length of time, Husky gives genuine and lasting relief from those ailments brought on by disorders of the stomach, liver, kidneys or bowels, such as head-

**MR. ARTHUR HERRIOTT**

1321 May Street, City

"I suffered agonies from constipation, indigestion and knife-like pains across my kidneys, but Husky has given me most wonderful relief and I now feel like my old self again," said Mr. Tomlinson.

aches, dizzy spells, indigestion, gas and sour stomach, constipation, rheumatic pains, nervousness, unsound sleep and weak, worn out feelings.

**VICTORIA CASE EXPLAINED**

Mr. Arthur Herriott, 1321 May Street, this city, has the following to say of his own experience with Husky: "For years I had suffered from constipation and stomach trouble. My stomach was so upset most of the time that I couldn't enjoy my meals and what I did eat caused me to suffer afterward. All the misery that goes with constipation was mine and this trouble and the condition of my stomach kept me weak and run down."

"At times I was hardly able to do my work. I finally decided to try Husky and now I only wished that I had turned to this fine medicine before. I have used five bottles of Husky and its treatment has placed my stomach in fine condition, aiding digestion and giving me an appetite. The constipation has disappeared since I have been using Husky. I can recommend this medicine most highly to anyone suffering as I did."

**CALL AT MACFARLANE DRUG CO.**

The Husky expert is at the MacFarlane Drug Co., Husky headquarters, and he will gladly explain to you how the best and quickest results can be obtained from the Husky treatment. Call at this store to-day and have Husky explained.

### MINISTER OF LANDS SEES RUGGED AREA

**Hon. T. D. Pattullo Covers Ground as Easy as When on Yukon Trail**

**Reassures Courtenay on Protection of Water Supply**

Country south and east of Strathcona Park, the preservation of which has been urged upon the Provincial Government, was inspected by Hon. T. D. Pattullo, Minister of Lands, who returned last night from a trip of the Goose Lake district, where, with a party of twenty-five he played into the wild and rugged country away from civilization for several days.

The hardships of mountain climbing held no terrors for the Minister. "I enjoyed the trip very much," he said, "although the last day coming out was somewhat strenuous. We covered in one day coming out what had taken us two days in going in. I found, however, that I got over the ground just about as easily as I did thirty years ago when on the Yukon trail," he added with a glow of satisfaction.

"I went," said the Minister, "for the purpose of looking at the character of the country south and east of Strathcona Park. The country is wild and rugged. A day or two's hike from any centre in British Columbia will take one immediately into the wilds, where possibly few white men have set foot."

"At the present time there is a demand from all portions of the Province to constitute immense sections all over the Province as provincial parks. The people of British Columbia need not have the slightest worry on the park question. The whole of the Province is a vast natural park, and seventy-five per cent of it will remain in all its pristine glory for a thousand years hence."

"Courtenay is anxious as to the protection of its water supply, but need not to say, the water supply of all communities will be amply protected as far as lies in the power of the Government."

**PRINCE OF WALES SPEAKS OF BRIGHT FUTURE OF CANADA**

(Continued from page 1)

cially as a few of my good friends of the press are apt to give you two columns about my recreations and two lines about any job of work I may do. VISIT TO MINE

"I should like so much to convince you this is not the case. Perhaps I can best do it by telling you of some things which struck me quite lately. A few days ago, on my way back East, I spent one of the most interesting mornings of my life in the big Sullivan Mine up at Kimberley, British Columbia. When we got down below, the one over the mine, I saw the place on which was charted not only the portions of the reef which they are now working, but all the hidden undeveloped portions as well. Forgive me if my technical terms are not absolutely accurate.

**DIAMOND DRILLS**

"Well, I said to them: 'How can you possibly know that the rest of the reef is there? How can you satisfy yourselves that some day or other it won't die on you and you will find there is no more reef to work on?'"

"Their answer was very simple. They took me around the corner and showed me a diamond drill.

"Many of you probably know all about diamond drills, but for the benefit of those who don't, this, in layman's language, is what happens. A very small hole is bored to an astonishing depth, sometimes two or three thousand feet, and from the very marrow of the earth the drill brings up a sample of the ore at the end of that small hole.

"With those samples in front of him, anyone with the right experience can trace the course of the reef with great accuracy and can estimate its extent and its staying power. He can determine whether it is a reef with a future or a reef with none.

**MANY OPPORTUNITIES**

"Well, gentlemen, I get the same opportunities as that diamond drill and I hope sincerely that I don't miss them."

**Builds Rocking Bed**

London, Sept. 2.—During an overnight trip on a train, Sir Alfred Yarrow decided that he could sleep better when the train was in motion than when halted. Now he has built and patented a bed which, cradle-like, will rock its occupant to sleep. The motions are varied in length to prevent sea-sickness.

**LEVINE'S PLANE TUNED UP FOR FLIGHT**

The monoplane Columbia, in which Clarence D. Chamberlin and Charles A. Levine flew from New York to Germany, is now at Crofton, England, where it is being prepared for a flight from England to New York. Levine plans to make with Capt. W. G. Blincheville, British aviator, as pilot. Above is shown a glimpse of a French pilot getting into the cockpit while the machine was at Le Bourget field, France. Some of the necessary work on the machine had been done there before Levine surprised the aviation world by stealing away alone in the plane from Le Bourget a few days ago and flying it to Crofton.

### EIGHTY PARCELS OF LAND DISPOSED OF AT SAANICH TAX SALE

Eighty parcels of tax-reverted property were disposed of at the annual Saanich tax sale held this morning by Municipal Clerk R. R. Sewell.

The property sold this morning had a total value of approximately \$15,000.

Mr. Sewell stated this afternoon that bidding was brisk and the sale promised to be one of the best ever staged by the municipality.

The sale will be continued to-morrow morning at 10 o'clock and again on Tuesday morning.

**HUDSON BAY ROAD NOW PROGRESSING**

**Grading to Fort Churchill Will Be Started After Six More Miles of Track Laid**

Winnipeg, Sept. 2.—The bridge crossing the Limestone River at Mile 380, on the Hudson Bay Railway, will be completed by the middle of September, according to a statement made yesterday by H. A. Dixon, chief engineer of the Canadian National Railway, who is in charge of the construction of the road. As soon as the bridge is finished track laying will be started from Limestone River to Mile 396.5, the new junction point to Fort Churchill.

In the meantime, a survey party is in the field, locating the line towards the Churchill area, and as soon as the track is laid to Mile 396.5 work will be started in clearing, grading and ditching the line toward Churchill. It is expected that this work will be continued into December before weather conditions interfere.

All summer more than thirteen hundred men have been engaged in clearing, widening, lifting fills and ditching on the Hudson Bay Railway between the Pas and Mile 380, the present end of steel. Considerable progress has been made and the track for almost all of the distance is reported to be in first class operating condition. Three steam shovels are being used in this work. In addition the two steel bridges over the Nelson and the one over the Churchill river have been completely repainted, this work being finished Wednesday.

**FIVE WEEKS' SAMPLES**

"I started out to try and tell you my impressions of this last trip—the sum total of the samples I have collected since I landed in Quebec just over five weeks ago. I can put them in one sentence, using the same metaphor from mining: Canada, the heart and soul of Canada, the possibilities of Canada—Canada is a reef of precious metal so vast in extent that no man living can chart it, so rich that no man can value it. The deeper you go, the more astonished you become at the wealth—material wealth and wealth of character—which you find there, and the effect on one who leaves Canada is a feeling that here at any rate is a great country worthily fulfilling a very great destiny.

Gentlemen, I thank you most sincerely for your kindness to my brother and myself."

**PLANE'S LIGHT SIGHTED BY ATLANTIC SHIPS**

(Continued from page 1)

there flights would be made out over the course the St. Raphael intended to follow.

**ROME FLIGHT**

The postponement of the Old Glory's flight to Rome would be only temporary, it was announced, and the wait for favorable weather conditions for the 3,500-mile jump would be resumed after the end of the projected search.

**BRITAIN WITHOUT NEWS**

London, Sept. 2.—As the hours passed without definite news of the England-Ottawa aeroplane St. Raphael, anxiety deepened for the safety of the two aviators, Captain Leslie Hamilton and Lieut.-Colonel R. F. Minchin and their passenger, the sixty-two-year-old former Princess Lowenstein-Wertheim.

### PLANE'S LIGHT SIGHTED BY ATLANTIC SHIPS

(Continued from page 1)

If the plane alighted at sea, whatever hope exists here is based on the rubber boat the machine carried, for it was taken for granted the plane would alight quickly. It is felt, however, that that boat could not be expected to float long if the sea was rough.

Nevertheless, the experience was recalled of Harry B. F. Minchin, an aviator, who was rescued in mid-ocean by a steamship in May, 1919, while on a transatlantic flight from St. Johns, Nfld., to Ireland.

It is felt by some that the plane's crew might have been picked up in a similar manner.

**SAFETY DESIRED**

Nothing could bring greater relief than news that the fliers were, for apart from the humane desire in this respect, there is great admiration for the pluck of ex-Princess Lowenstein-Wertheim, who is better known in flying circles here by her maiden name, Lady Anne Savile, under which name she has participated in a number of flights in the past.

**NO NEWS RECEIVED**

Ottawa, Sept. 2.—The opinion prevails in official circles here to-day that the monoplane St. Raphael never reached the shores of the North American Continent after starting from Upavon, Eng. for Ottawa at 7:52 a.m. Wednesday, British time.

The fate of the plane and its occupants, Capt. Leslie Hamilton, pilot, Lieut.-Col. F. F. Minchin, navigator, and ex-Princess Lowenstein-Wertheim, passenger, still was unknown at a late hour this morning, though government wireless stations continued to broadcast for information.

The station at Belle Isle was ordered to-day to get in touch with the wireless station on the south of Greenland and ask that station if any word had been received from the fliers.

**SHIP POSSIBILITY**

A remote possibility existed that the plane had fallen into the ocean and the fliers had been rescued by a vessel not equipped with wireless, but the general opinion here was that the ship had followed the brave attempt to open the air highway from Great Britain to the capital of Canada.

The latest report from the Government checkup of wireless stations was negative. The Belle Isle station reported to-day that the weather was fine and clear, with a light north wind, but no information on aeroplane up to present.

This station reported it had communicated with a man flying in the North Atlantic without result.

**ATLANTIC COMBED**

We have pretty well combed the North Atlantic, Commander C. F. Edwards, director of air, said this morning, "and have heard nothing of the plane. Our efforts will be continued."

J. A. Wilson, director of civil aviation, said if it should be established the fliers had passed the Atlantic in the past few days, it would be taken to institute a thorough search for them, but that until then no useful purpose would be served by a search over land.

**WIND REPORTS**

Washington, Sept. 2.—Lieut. Earle H. Kincaid of the United States hydrographic office, after a study of weather bureau reports, estimated that along the announced route of the overdue aeroplane St. Raphael cross winds of about eighteen miles an hour prevailed and then, to mid-Atlantic, head winds, being from thirteen to eighteen miles an hour, perhaps reached twenty-five miles at flying altitudes.

"From Longitude 40 to Newfoundland," he said, "Northwest cross winds probably were encountered at forces with the wind to twenty-four miles. On the assumption that the plane was capable of making ninety-two miles per hour, the speed would have been cut down so it would have been in the longitude of Newfoundland at about 7:30 Eastern standard time this morning."

The monoplane St. Raphael with three aboard left Upavon, England, at 7:52 a.m. Wednesday, for Ottawa.

**MRS. HAMILTON AWAKES NEWS**

Ottawa, Sept. 2.—(Canadian Press)—Gravely and hopefully a woman on her first visit to Ottawa is waiting for news of her missing husband, aviator, Captain Leslie Hamilton, and his two companions, who left Upavon, England, Wednesday morning for this city. Though every report of the sighting of the British plane St. Raphael has been proved unfounded, Mrs. Hamilton, denying herself to newspapermen, has refused to give up hope.

Cheered by the company of wives of officers of the Canadian Air Force, Mrs.

Hamilton spent last night in her hotel, where reports were conveyed to her. Earlier in the evening she visited the Lindbergh field, where her husband was due to land, in company with J. A. Wilson of the Canadian Air Board.

**CROWD AT FIELD**

At the landing field, 15,000 persons, thrilled by the hope of witnessing the arrival of a transatlantic plane, waited in vain for Captain Hamilton, Lieut.-Col. F. F. Minchin, his navigator, and ex-Princess Lowenstein-Wertheim, their sixty-two-year-old passenger. Hundreds of automobiles crowded every available inch of parking space, while three searchlights, manned by members of the Air Force, played on the darkening skies as guide for the plane.

In the main streets of the capital thousands anxiously waited in front of the newspaper bulletin boards for news of the St. Raphael.

**ALICE SOUTHBOUND FROM WRANGELL**

Has All Passengers of Charlotte on Board; Will Arrive in Vancouver Sunday

Passengers of the C.P.R. steamer Princess Charlotte, which struck Vichnefski Rock Tuesday night, are now on their way to Vancouver aboard the S.S. Princess Alice, which will arrive Sunday morning, according to word received by the B.C. Coast Steamship Service this morning.

The Alice left Wrangell at 8:30 o'clock this morning with the 265 passengers of the Charlotte on board. After disembarking her passengers at Vancouver the Alice will immediately make preparations to sail again for Alaska the evening, twenty-four hours behind the regular sailing, which was to have been made by the Princess Charlotte.

According to an announcement by Capt. J. W. Troup, manager of the B.C. Coast Service, the Charlotte will be dropped here for examination. "The Salvage King is expected to arrive at Wrangell this afternoon to take the vessel in tow."

## New York Felt Hats

Rushed Here for Saturday's Selling

**\$2.95, \$3.75 \$4.75**

LABOR DAY is on Monday, September 5. It is a day for general sports and outings and, of course, you must have above all the right hat for that occasion. Felt hats are becoming very popular for vacation time use. Felt hats are the talk of every woman. Every well-dressed woman is wearing a felt hat; without one you will be the exception.

AT FIRST sight you'll admire them, just as you stop to admire the other women wearing a felt hat. Felt hats are becoming to all types, they come in all autumn shades, Maroon, Glace, Napoleon-blue, Balsam, Flaming Maple, Autumn brown, navy and black.

IF YOU are planning to go to Vancouver to the Races or perhaps a trip to Seattle you simply cannot be without one of these felts.

Notice—Labor Day is Observed in the States as Well as Here and All Stores are Closed.

## BACK-TO-SCHOOL HATS

**\$1.95 to \$3.95**

Girls will go to school in hats not unlike their mothers. Plainly tailored felts or velvets to fill the school girl's needs, all the newest colors in the newest shapes.

## Message Read to Congress by Calles

Mexico City, Sept. 2.—In his annual message, read personally at the opening session of Congress last night, President Calles declared the religious laws had been enforced strictly and that the conflict caused "by the rebellious clergy now has practically concluded." Priests had shown willingness to obey the law, he said, and had been permitted to exercise their ministry.

CONVENTION DATE CHANGED  
Ottawa, Sept. 2.—The Conservative National Convention will be opened in Winnipeg Monday, October 10, in place of October 11. Official announcement of the change in the date was made yesterday at the conclusion of a meeting of the national committee organizing the meeting.

FLY FROM DETROIT TO CLEVELAND FOR DINNER—A trip from Detroit to Cleveland used to be something to plan ahead. But the other afternoon some Cleveland people invited a party headed by Mrs. Evangeline Lindbergh down for dinner that evening. Here's the party. They started an hour and a half ahead of the dinner hour to get there in plenty of time and then flew down in a big monoplane, flying back at midnight. Mrs. Lindbergh is fourth from the right. On the left are Mrs. William B. Stout and Mr. Stout of the Stout All-Metal Aeroplane Co.

## GAME WARDEN IN MAINE MURDERED

Presque Isle, Maine, Sept. 2.—Lee Parker, a game warden, was shot and killed at Westfield, near here, this morning by one of two men in an automobile whom he had stopped to question in connection with suspected deer hunting activities. As Parker, accompanied by L. E. Hodson, another game warden, approached a car containing Harry Woods and Garfield Gray and their wives, all of this place, Woods leveled a rifle at him. "For God's sake don't shoot," cried Parker, but the gun was discharged and the warden fell with a bullet through his head. Hodson at once covered the others and forced them to drive to the jail here, where the women were released on their promise to appear when wanted.

## Air League Being Formed in Canada

Ottawa, Sept. 2.—Steps were taken here yesterday to form a Canadian Air League, similar in scope and function to the Air League of the British Empire, formed in Great Britain in 1909. At a luncheon given by Major-General J. H. MacBrien, attended by a number of representative aviators from Montreal, Ottawa and Toronto, it was decided to form the Canadian League, and a provisional committee was appointed, with Major-General MacBrien as chairman. Dr. Haden Guest, former British member of Parliament, was present at the luncheon, representing the Air League of the British Empire and specially delegated by the head of the league, General Groves, to offer its co-operation in the formation of a partner league in Canada. Dr. Guest explained the scope and function of the British league and pointed out the need of a representative organization in each country of the Empire to assist the civil, commercial and military development of aviation.

## World Population Conference Has Animated Debate

Geneva, Sept. 2.—Reproduction is a form of slavery against which the individual, whether animal or human, rebels, declared Dr. F. A. Croves of the University of Edinburgh, in an address which started the World Population Conference here to-day. Dr. Croves' pronouncement immediately provoked an animated discussion. He held that a majority of living organisms are "furnished in the service of the race," and insisted that, despite the fact that preservation is the first law of nature, the following is true: "Even far down the scale of life there are mechanisms and contraptions which because they would seem to be means whereby individuals may escape the bondage of reproduction, can be regarded as an evidence of the effort on the part of the rebellious individual to effect a compromise between individualism and genesis."

## University Has New President

Seattle, Sept. 2.—At the age of forty-six, Matthew Lyle Spencer, former newspaperman, yesterday became president of the University of Washington. Coincident with Spencer's accession to the presidency, succeeding Dr. Henry Russell, dismissed, the regents of the university announced that Bebb & Gould of Seattle had been replaced by John Graham of Seattle as architects of the university. Bebb & Gould have been in charge of design and construction of all buildings on the campus since 1913. Their retirement was foreshadowed several months ago when Carl F. Gould, a member of the firm, resigned as a member of the faculty.

## THREE LOST LIVES

Wahoon, Neb., Sept. 2.—A man and his wife and their four-year-old son were electrocuted last night at Prague, near here, when they attempted to lift a live wire in order to allow their automobile to pass. The victims were Frank Havelock, thirty, a farmer living near Prague; his wife, twenty-five years old, and their son, four years old.

## TRAIL TO BE CLOSED

North Vancouver, Sept. 2.—The Grouse Mountain Trail, used by residents of Greater Vancouver for the past forty years, will be closed following the decision of the North Vancouver District Council to create a health resort on Mosquito Creek.

## Big Vancouver Building Bought By Gen Sutton

Vancouver, Sept. 2.—The Rogers Building, at the corner of Granville and Pender Streets, one of this city's largest office buildings, has been purchased by General F. A. Sutton from Jonathan Rogers, according to an announcement. The price is said to exceed \$1,000,000.

## Reparation Sum Paid by Germany

Berlin, Sept. 2.—With the payment of \$5,000,000 gold marks yesterday, Germany met her reparation annuity of 1,000,000,000 marks provided for the third year under the Dawes plan, it was stated in a communique issued by E. Parker Gilbert, Agent-General for Reparations Payments. "Germany thus fully and punctually has made all the payments falling due during the third year of the plan," the communique stated. "Her payments to creditor powers for the three years during which the plan now has been operating total 3,720,000,000 marks. Her assessment for the twelve months beginning September 1, 1927, is 1,750,000,000 marks, with which the trial period of four years designated in the plan, as precedent to the first standard annuity of 2,500,000,000 marks, effective September 1, 1928, will have been completed. "During the year completed yesterday Germany received credit for deliveries in kind valued at 617,000,000 marks. The cost to her of maintaining the Rhineland occupation forces for the past year amounted to 74,000,000 marks."

## Man Just Arrested Killed Himself

Portland, Sept. 2.—C. L. Wilson, wanted by Washington, D.C., authorities for embezzlement and who escaped from a deputy sheriff at Los Angeles on May 25, shot and killed himself early this morning shortly after being arrested by detectives. Wilson had been called out of bed in a hotel by the detectives and was packing his baggage. Without warning, he ripped out part of the lining of the bag, seized his revolver and before the officers could stop him fired a shot through his brain. Wilson, who was thirty-five years old, was also known as C. L. Cagill and C. L. Carhill.

## Frank L. Jenkins Died in New York

New York, Sept. 2.—Frank Lynn Jenkins, internationally known British sculptor, died here yesterday.

RUBBER IN CACTUS—Dr. John C. Wichmann of Los Angeles, chemist-inventor, is reported to have discovered a process of successfully extracting rubber from cactus. Millions of pounds of rubber substitute can be produced from the cactus now growing in the United States, he says. Dr. Wichmann is shown cutting a cactus lobe from which the gummy juice is extracted.

## START OF FRENCH PLANE IS DELAYED

L. Givon and P. Corbu Left For New York But Fog Drove Them Back

Le Bourget Field, France, Sept. 2.—Fog, hanging heavy over the French countryside, balked the biplane Bluebird's attempt to fly to New York today. The giant plane, manned by Leon Givon and Pierre Corbu, after a beautiful take-off at 8 a.m., was back over Le Bourget in less than two hours. Then for almost another hour Givon circled the field, hoping the haze would lighten. At 9 o'clock he began emptying the gasoline tanks. By 10 the load had been reduced from about 2,500 gallons to 1,000 gallons and the lightened aircraft landed gracefully, the pilot and navigator bitterly disappointed over their failure.

## NINETY MILES ON JOURNEY

The Bluebird had proceeded about ninety miles when it turned back. The plane was then over the rolling country between Bamboulette and Rennes. Givon explained that with the heavy load—the plane weighed twelve tons—his ceiling at times was only 1,350 feet. The stabilizer was working none too well, which increased the dangers of flying through the fog. Corbu had a dejected air as he stepped from the cockpit. "It's all right; you didn't break your neck," someone said, apparently hoping to console them. "Someone's call me 'breaking your neck' a success," Givon replied.

## WEATHER FACTOR

"When do you intend to start again?" the Associated Press correspondent inquired.

"That's up to the weather man," Givon said. He then asked: "Have the German started?" and seemed to feel a little better on learning they had not. "I dropped the minimum amount of fuel necessary to lighten the ship, enough to land without danger," Givon replied. "I didn't want to waste any more money than necessary."

## BACK IN HANGAR

A few minutes after landing the Bluebird was back in its nest in one of the vast hangars of Le Bourget aerodrome.

## LARGEST PLANE

The Bluebird, the largest aeroplane in the world, is the largest aircraft in the world. It is equipped with two Farman motors in tandem above the fuselage, each developing 500 horsepower. Double-bladed wooden propellers pull and push the plane along. The plane's dimensions are: Wing spread, eighty-five feet; wing surface, 1,946 square feet; total length, fifty-nine feet; height, sixteen feet. With a two and a half ton load the Bluebird has flown with one motor stopped. If the gasoline runs low the pilots can nurse it along on one motor. The constructors say it will fly fifty hours at an average speed of ninety miles an hour. Its cruising range is somewhere 4,478 miles, well above the distance between Paris and New York, which Lindbergh measured as 3,800 miles. The Farman motor, designated as a Farman Twelve because of its twelve cylinders, has proved itself in long service. It has made records twice, the world endurance record in 1924 (thirty-eight hours without a stop) and the same record in 1925 (forty-five hours and twelve minutes).

## Anti-smuggling Forces Increased

Washington, Sept. 2.—Concerned over liquor smuggling along the Canadian boundary, Assistant Secretary of the Treasury Lowell, in charge of prohibition enforcement, announced yesterday that the number of agents at Detroit would be increased from twenty to thirty and that a "substantial increase" would be made without delay in the border patrol between Erie, Pa., and Toledo, Ohio. The announcement of the Treasury official, coming closely after one that the border patrol along the boundary would be increased to 400 men, double the present strength, followed a conference with Thomas A. Stone, administrator for the newly-created Michigan enforcement district, and Arthur P. Fenton, collector of customs at Cleveland. Fenton's request for additional border patrol men in his area was granted. Lowman agreed that a larger force was necessary to watch the 224 miles in that territory. No new appointments will be made as the additional men will be drawn from surrounding states. Expenditures for enforcement of the prohibition law in Michigan were increased by more than \$100,000, it was estimated at the Treasury.

A DEPOSIT WILL RESERVE YOUR CHOICE FOR LATER DELIVERY

## Extraordinary Offering of Women's Fur-trimmed Coats

On Sale Saturday at  
**\$29.00, \$32.50,  
\$35.00 and \$39.00**

## TO-NIGHT'S MEETING

**SIR GEORGE FOSTER NEEDS NO INTRODUCTION** to the people of Victoria. He has addressed many audiences here during his long public career, and since he became associated with the League of Nations, and with the work of the League Society in Canada, he has been heard in this city in the cause of international peace. He will address another of these meetings in the Royal Victoria Theatre to-night and it should be safe to predict that there will not be a vacant seat when the chairman opens the gathering.

In view of what recently happened at Geneva to-night's address should be particularly interesting and instructive. Sir George has attended several sessions of the League as a Canadian delegate and he very naturally keeps in close touch with what the Council and the League itself are doing. His presence here at this juncture is timely because the delegates of the member states now have gathered at the Swiss city for the annual meeting.

Those who hear Sir George Foster to-night, however, will hear no hint of pessimism. He believes that nearly fifty nations in co-operation, with international accord as their objective, is a pretty substantial guarantee that the country with a chip on its shoulder is going to think very seriously before it disturbs the peace of the world without cause. Sir George is under no delusion, of course, but he has enough faith in the good sense of the people who still are suffering from the effects of the last war to give him confidence in the new internationalism. Victorians can play their part in the good work by assisting the local branch of the League of Nations Society.

## CALLING A SPADE A SPADE

**WHEN TRUTH OF LONDON DISCLOSES** Canada it nearly always gets on the wrong track by its use of unreliable information which it could replace with fact if it took the trouble to apply to Canada House or to any of the provincial Agents-General in London. Remarks of this kind, however, do not apply to its discussion of the failure of the recent naval limitations Conference at Geneva. It goes to the root of the matter in this way:

I should call the recent proceedings at Geneva one of the most lamentable exhibitions of political folly that have been seen in the last fifty years. The Conference was by its constitution the worst possible medium for arriving at agreement. How can you expect the professional fighting men of different countries, naval or military, to agree between themselves about the limits to be put on their own services, except under definite instructions from their political superiors? Fighting is their business; in fact their raison d'être. An admiral and generals charged to negotiate with the admirals and generals of rival armed nations, can no more give away points to the other side in negotiations than he can in war. If his Government has left open for discussion any fundamental difference of opinion, his business is to look at it as a fighting man, not as a pacifist. Governments have no business to put their admirals and generals into such a position.

To the foregoing also may be added the comments of The Manchester Guardian, which, while related to the resignation of Viscount Cecil from the Baldwin Ministry, have a direct bearing upon the cause of the Geneva breakdown. They are as follows:

When the Premier in his earliest speeches expressed the government's policy, there was no reason why a man of Viscount Cecil's vision and past record should not be a member of the cabinet, but the policy has been steadily deflected from the principles then set forth in connection with the League of Nations have been pushed more and more into the background. A government in earnest about naval disarmament would have made up its mind boldly that it was not going to build against the United States or be drawn into an empty, dangerous battle over figures and tonnage.

All this, of course, points a way to the peoples of the world in future. If they are to be spared the agony and cost of war, they must elect governments that will pledge themselves in favor of peace just as they would elect a government to formulate any other policy.

## THE AGENT-GENERAL'S VISIT

**MR. F. A. PAULINE, BRITISH COLUMBIA'S AGENT-GENERAL** in London, has arrived in the Province, mainly to obtain the latest first-hand information about business and other prospects.

It will be understood, of course, that the Agent-General's office in London is in constant touch with the Parliament Buildings here. Many matters naturally are quite efficiently dealt with in the continuous correspondence which goes on. At the same time it is good business for the Agent-General occasionally to come out to the Province he represents. A day's conference in the Executive Chamber usually is more satisfactory and valuable in respect of many matters than a year's letter writing.

Most people now realize that British Columbia House serves an extremely useful and valuable purpose. From the point of view of maintenance it has steadily improved its financial position. It now is on a firm basis and is a good bargain for the Province as an advertisement for British Columbia alone.

Mr. Pauline, incidentally, whose good work has been the subject of much favorable comment, is fortunate in being surrounded by a loyal and efficient staff. In Mr. McAdam he has an able assistant and secretary.

## DOING VERY NICELY

**SOME WEEKS AGO THE PRESIDENT** of the Investment Bankers' Association suggested to the Dominion Government a method of disposing of the national debt in forty years.

Canada is doing very well in this regard. Figures made public recently show that in the year between June 30, 1926, and June 30, 1927, the debt of the country had been reduced by \$52,000,000—at the rate of \$1,000,000 a week.

Nor is this all. It now is a matter of record that since Hon. Mr. Robb assumed the portfolio of Finance he has cut the country's obligations by no less a sum than \$105,000,000; and this has been done during a period which experts consider was not altogether favorable for paying bills or reducing taxes.

Another point worth noting in its relation to debt reduction is the fact that in the last fiscal year Mr. Robb had to be satisfied with \$31,000,000 less than in the previous year from income tax alone. Reductions in the sales tax also have to be taken into account.

In spite of this decrease in revenue, however, the payment of the debt in the fiscal year ending last March amounted to \$41,896,729. And Mr. Robb usually encourages us by doing a little better than he promises. So we shall not be surprised if he produces a debt reduction programme much better than some that have been suggested in many quarters.

## A SUCCESSFUL VENTURE

**PREMIER MacLEAN'S MEMORANDUM** relating the growth and success of British Columbia's wine industry which The Times published yesterday is an interesting and instructive document. It shows how, with an initial loan from the Department of Industries, a small output of a few thousands of gallons of loganberry juice since has grown into an annual production of matured wine amounting to more than 200,000 gallons, with every prospect that, as its popularity increases, each year will see a greater quantity maturing. The development of this business is all the more important because it absorbs a surplus of loganberries that otherwise would find no market. Indeed it now has assumed proportions which make the production of loganberries a profitable enterprise because no longer is there any doubt about the grower being able to dispose of them. The co-operative organization—producing berries and wine, incidentally, has been a fine thing for Saanich and the growers are to be congratulated upon their success.

The Government very naturally is interested in the expansion of this industry because it is one of those enterprises which the Department of Industries has assisted. Subsidizing enterprises of this or any other kind may not always be good business for a government to undertake. It often is not. But it should not be forgotten that when the local Administration undertook to establish a department of this kind it never expected it would be a profitable or even a satisfactory innovation. It had to do something of the sort, however, if the ex-service men who then were clamoring for work were to be provided with the necessities of life. Telling the idle men that they were charges of the Dominion and not of the Province would have aggravated matters. The Borden Administration in office at Ottawa at that time had been too slow in developing a policy and the local Government's hands were forced by circumstances which had to be faced effectively at once. It is not so astonishing that most of the ventures subsidized have been more or less successful, as that there have been so few failures. This condition speaks well for the Department itself and the enterprise of those to whose assistance it went. The case of the wine company's venture is suggestive.

## WHAT OTHER PAPERS SAY

**HIS WORKS ABIDE**  
From The Hamilton Herald

Mark Antony's saying, "The evil that men do lives after them; the good is all interred with their bones," was the fallacy of a glib orator. The good that men do lives after them and often it serves to keep their memory green and to enshrine them in the hearts of those who come after them. It is so in the case of Sir Adam Beck.

## THE WORLD LEARNING TO PLAY

A business man recently returned from a round-the-world trip which took him to all the continents, declared that the most astonishing thing he saw was golf. "It is capturing all the countries," he declared. "Country clubs are building literally everywhere. Find a handful of English and Americans in any city of Far East or Middle East, India or the Straits Settlements, Africa or South America, and you will find a country club built or building, and hear the same beloved jargon of golf."

In Japan baseball has established itself in popular affection; in Canada it is as much a national game as in the United States; in the Philippines it is coming fast. The games of the English-speaking peoples seem to furnish quite as attractive a meeting-ground of common interest, as do their political institutions. Tennis is well nigh a universal game.

The movies introduced the people to each other, and the ubiquity of American films has proved a fetching advertisement of America, its manners, people, and material things. Now they are adopting the games that most appeal to the English-speaking democracies, as in the last century they have adopted and adapted the political institutions that rested on Magna Carta and the American constitution. There is plenty of protest against this standardizing customs and costumes, pastimes and politics, business methods and manufacturing processes; but it goes right on. Perhaps any day radio will create a genuine demand for a universal language. If so, English will quite certainly be the one.

## A THOUGHT

Whose sheddeth man's blood, by man shall his blood be shed.—Genesis ix, 6.  
Mercy but murders, pardoning those that kill.—Shakespeare.

## Life's Niceties Hints On Etiquette

**HINTS ON ETIQUETTE**

1. What is a new club member's first duty?
2. Is it necessary for the person who sponsors a new member to introduce him to other club members?
3. To whom should one issue guest cards at his club?

**THE ANSWERS**

1. Pay initiation fees and dues.
2. No.
3. Only friends he would be glad to have in his own home.

## Canadian Questions and Answers

**MUNICIPAL ASSESSMENT VALUATIONS**

Q.—What are the Municipal Assessment Valuations?

A.—The Dominion Bureau of Statistics reports the total taxable assessment valuations for the year 1926, of all the provinces, as \$7,755,599,505, a slight increase over the \$7,600,000,000 in five years. Exempted property was valued at \$1,230,862,866. These huge figures reveal a marked increase in the values of real and personal property, and a corresponding increase in income, from \$103,300,441 in 1919 to \$149,032,334 in 1923.

## The WEATHER

Victoria, Sept. 2.—3 a.m.—The barometer has fallen on the coast and unsettled, rainy, mild weather continues over this Province. Light frosts have occurred in Alberta.

Victoria—Barometer, 29.74; temperature, 6 miles E.S.: rain, 33; wind, 4 miles E.: rain, 33; weather, cloudy.

Vancouver—Barometer, 29.74; temperature, 4 miles E.: rain, 33; weather, cloudy.

Portland, Ore.—Barometer, 29.74; temperature, 4 miles E.: rain, 33; weather, cloudy.

Seattle—Barometer, 29.74; temperature, 4 miles E.: rain, 33; weather, cloudy.

San Francisco—Barometer, 29.74; temperature, 4 miles E.: rain, 33; weather, cloudy.

Winnipeg—Barometer, 29.74; temperature, 4 miles E.: rain, 33; weather, cloudy.

Halifax—Barometer, 29.74; temperature, 4 miles E.: rain, 33; weather, cloudy.

## CONFEDERATION AND AFTER

Sixty Years of Progress

## THE ROMANCE OF THE YUKON

The discovery of placer gold, in the closing years of the last century, on the Klondike River, a tributary of the mighty Yukon, was Canada's greatest national romance.

The credit for the Yukon's discovery is now generally given to Robert Henderson, an old pioneering miner, although it is true that he made a discovery, whereas Henderson did not, is sometimes mistakenly mentioned as the discoverer.

The news of the discovery of June, 1896, filtered out to the world, and in 1897 the rush started. Some tried to reach the new camp overland from Seattle and Alaska, and, decimated in numbers and shattered in health, reached the northland after a year of hardships. Others proceeded

## JOYS FROM GEOGRAPHY

**SALMON TRAPS** in the Fraser River, British Columbia, for the fish from their newly erected traps, were taken from the traps, killed, cooked and canned for export to various parts of the world. The traps are taken from the river, and the fish are taken from the traps, killed, cooked and canned for export to various parts of the world.

from Seattle and Vancouver fifteen hundred miles up the Pacific to Dyea Ranges on foot and floated five hundred miles down the Yukon on improvised boats and rafts.

Canada has reason to be proud of her Yukon administration. The Royal Northwest Mounted Police, as the force was then called, was early on the scene and policed the country in a manner that gave safety and stability to the new camp.

The late William Ogilvy, who had spent many years in the northland for the Dominion Government, was appointed governor of the new territory. Governed at first by council, appointed by Ottawa, and later by the territory was soon given a measure of home rule government. A railway was built from the Pacific to White Horse, and a line of steamers soon plied on the Yukon. By this time there were regular sailings between Seattle, Vancouver and Skagway, and thus within three or four years of the first rush to this isolated hinterland travellers could journey in the greatest comfort to the heart of the newly opened territory. At the same time the Dominion Government built an overland telegraph line, north from Ashcroft in British Columbia to Dawson, giving the new territory direct telegraphic communication with the outer world.

For the first six or seven years mining was entirely placer, the first two or three years being of the most primitive methods. It was in 1904-5-6-7-8-9 that the first of the mighty dredges was shipped north, and the working in the vast river bottoms during the hundred days from frost to frost, dredged daily out of the gravel some five thousand dollars' worth of virgin gold.

It was some six years after the discovery that the gold production of Yukon reached its highest and from that time on, business discoveries outside the waterbed of the Klondike River, the output steadily declined. The Klondike gold deposits were of a liveness that is only uncovered once or twice in a century. The Klondike and the Yukon territory is peopled by a few white people, some of whom reached the northland shortly after the original discovery, and are still hoping for another Klondike at which they will be among the first on the scene. The hopes of those who still remain in the north awaiting another gold discovery, are not unreasonable. In the vast areas of Yukon, teeming for over two-thirds of each year, there must still be hidden vast deposits of gold that time and chance will yet uncover.

The Editor reserves the right to shorten the length of all communications must bear the name and address of the writer, but not publishing unless the writer wishes. The publication of communications is at the discretion of the Editor. No responsibility is assumed by the paper for the return of communications submitted to the Editor.

## THE LATE J. N. MUIR—AN APPRECIATION

To the Editor:—Thirty-five years ago and during the succeeding ten or fifteen years J. N. Muir was a leading figure among the educationalists of British Columbia. He was a High School teacher of Victoria and in that position was much in contact and often in conflict with the officials of the Department of Education.

For the men of that time in the department, although capable and enthusiastic in their work were somewhat narrow in their views and arbitrary in their methods. Most of the teachers although recognizing these defects, thought the part of discretion was to attend to their business, making the best of the difficulties and keep silent. But not so J. N. Muir. There was little of the submissive servant in his nature. He attacked any mistake of administration with the direct, outspoken courage and persistence. In consequence his teacher's license was cancelled. But Mr. Muir had a legal training and being a graduate in law from McGill, Montreal, he threatened legal proceedings against the officials responsible. He defended his cause with unflinching firmness and his papers, supplemented by the lavish distribution of leaflets. His opponents called him a crank and "the notorious J. N. Muir." But, however, acknowledged his honesty of purpose and his high character as a man. Public opinion was in his favor. His license was reinstated. Annoying and petty school regulations were with enforced. The department gradually stressed more important and more useful matters. And the less aggressive teachers knowing the value of Mr. Muir's more persistent methods were silently thankful to

him as a leader in reforms which still persist.

In recent years his work was mostly in the schools of new and remote settlements, where he was much more than a teacher of the public school. In such districts he was a valued adviser and helper in community matters. He often instituted a much needed Sunday school. He encouraged and stimulated the ambition of promising youth. By his knowledge of music he capably helped and instructed in that art.

I here recall a recent reminiscence of his earlier years. Before coming West he taught a rural school in his native province, Quebec. In this place the now world famous Sir Gilbert Parker was then a boy assisting in a country store. Young Parker came to Mr. Muir for private tuition in English grammar and in elocution. The youth soon became famous for his ability on the public platform. Mr. Muir once told himself, his encouragement that the time would come when he would attract great audiences. Not many years ago while each was revisiting their native province they again met, and Sir Gilbert, evidently recalling with much appreciation his old teacher, treated him with marked friendliness. Not many of the old friends of British Columbia are now left, and I am glad to pay this tribute to one of their best.

R. LANDELLS.

## EDUCATE THE POULTRYMEN

To the Editor:—In my experience with poultrymen in this Province, extending over many years, I have found in the matter of feeding their flocks, there are no two opinions in conjunction. Each one has his own peculiar methods of feeding mash, grit, roots, shell, etc. As everyone feeds in a different way, and there is only one right way, it stands to reason that the great majority are feeding incorrectly, and the small minority correctly.

This is very serious. It results in an enormous loss of egg production, which loss not only affects the individual, but also the community at large, by reducing the amount of exports and inviting the importation of foreign eggs in competition.

The poultry department and the experimental stations—to which the public contribute so generously—either do not impart their knowledge through the proper channels, or their advice is not being followed. I believe that most of their information is based on guess-work, and that their opinions change as often and as easily as a well-groomed weathercock upon a village steeple. The authorities in Victoria recommend clam shell, whereas in Vancouver they advise the use of oyster shell, proving that even among themselves, there is a division of opinion!

I had the privilege of entertaining an eminent Dutch professor during the recent visit of the International Poultry Congress to our city. As he is considered a star of the first magnitude in his own particular firmament, and his opinion sought by the leading authorities in Europe, I asked him to express his views upon our local beach shell, so plentiful upon our shores. This shell, by the way, must not be taken off the beach, but from the deposits themselves, otherwise the shells are very likely to be contaminated by the poisonous oil refuse evacuated by oil-burning ships, which is very deadly. But to hark back to my professor, he said that he had equaled, if not surpassed, the European product deposited on the Baltic shores, which, by the way, is not oyster shell.

Being in possession of this knowledge from so high an authority, it pains me when I hear no voice in the poultry world, and working under condemnation of our product in no mild terms, and their emphatic approval of the inferior oyster shell, imported from the Atlantic shores at no small cost.

Oyster shell is inferior to clam shell, to beach shell, to limestone grit, to any kind of lime in any form or shape; it is, in fact, injurious to poultry; it is more than this, it is a menace to the life of poultry, and I am going to prove it.

How do we obtain the beautiful mother-of-pearl of commerce? It may interest some to know that the shell of the bi-valve mouth of the genus Ostrea, is steeped in sulphuric acid (or aqua regia, if you will) for a given period, until by reaction the calcium is transformed into a soluble form, leaving as a residue what? A substance that is hard, siliceous, impervious, acid-resistant, impervious to an acid solution of a bird's nature, impervious to the king of acids, and, therefore, insoluble in the weak solution of hydrochloric acid contained in the gizzard or stomach of a bird. The shell of an oyster contains from thirty to fifty per cent of the above beautiful, but undesirable, substance (from a bird's point of view), and, therefore, should not be imported 3,000 miles and used by poultrymen in preference to our superior native product—the clam shell.

Need I say more?

J. HERBERT GRAY.

## New Regulation on Transportation of Dogs on Railroads

Effective to-day a new law governing the transportation of dogs on railways has been announced by the Board of Railway Commissioners.

The new order is as follows: "Dogs on chain or leash, when transported in baggage cars on railways in Canada must be properly muzzled, and when in crates, the crates must be equipped with handles. The regulation is designed to protect the employees required to handle dogs which, however tractable when they are in familiar surroundings, might be anything but friendly in strange environment. It is also designed to prevent dogs when being transported in the same car from fighting and injuring one another."

Crystal Garden—Dancing and Swimming.

Born in New York City of wealthy parents, Kerry attended military school and college in his native state and upon graduation prepared to take up law as his life work. Before starting on his daily grind, he decided to visit California to look up a few old school chums.

On this first day in Hollywood he became acquainted with Jack Hoxie, famous western star. Hoxie invited Kerry to the studio where the easterner gave an amazing exhibition of skillful and daring horsemanship that resulted in his engagement as a movie cow puncher.

To this day Kerry, the hero or villain of 100 drawing-room dramas, still laughs when he thinks of breaking into the movies as a cowboy.

On the stage at the Capitol Theatre this week are George Danguray and his Scottish Highland flashes in a Scottish song, dance and jazz revue; Roberta Balcom, the pretty danseuse, in her latest dance hits, and Ramona Rambert, soprano soloist, in song selections. The concert orchestra will also be featured in conjunction with the picture attraction.

STORY FROM GENE  
STRATTON PORTER'S  
BOOK AT PLAYHOUSE

There are no pictures awaited more eagerly by the fan world than those which are made from the books of the late Gene Stratton-Porter. The newest of these to be released by F. B. O. is "The Magic Garden," which is coming to the Playhouse Theatre next week, when it begins a six-day run. This beloved writer concerned herself chiefly with human nature; the hopes, happiness, griefs, and faith of men and women. It is for this reason that her appeal is so universal; she understood the fulness of life, the glory and heartaches that go into the making of every day.

In "The Magic Garden" the attention is centred upon a boy and girl who meet in their childhood in the boy's magic garden. It is there that the lad plays on his violin for the little girl, and together they pledge their youthful love.

DOMINION FILM IS  
FULL OF AMUSING  
COMEDY SENSATION

It is doubtful if Patsy Ruth Miller was ever in the Follies, but if Ziegfeld ever got a flash at her in the make-up she uses in "Painting the Town," he would undoubtedly get a good idea for a new Follies show. It is a far cry from Emeralds or "The Hunchback of Notre Dame" to Patsy De Veau of "Painting the Town," but Patsy is a thorough artist, as will be exemplified to those who see "Painting the Town" at the Dominion today.

THRILLING AUTO  
RACE FEATURE OF  
VARIETY PICTURE

A thrilling auto race in the dark, between a smuggler's machine and a Federal car, is one of the exciting features of "Moulders of Men," FBO's big Gold Bond Special, which is now playing at the Variety Theatre.

"MY OFFICIAL WIFE"  
AT PLAYHOUSE HAS  
POWERFUL APPEAL

"My Official Wife," the Paul Stein production for Warner Bros., featuring Irene Rich and Conway Tearle, now showing at the Playhouse, is a play of many moods, ominous with the nearing thunders of the Russian Revolution. . . . fierce and tender, grave and gay. . . . abstinence, strongest and deadliest of liquors, dripping, dripping. . . . Mendelssohn's "Spring Song." . . . Rachmaninoff's "Prelude" . . . a broken lily . . . a nightingale in a gilded cage. . . . the enigmatical smile of Mona. . . . moods of hate and bitterness, and of cleansing love.

The picture has been directed with deep-seated subtlety, by a man who knew Old Russia and Vienna at first hand, Paul Stein. It was adapted from A. C. Gunter's story by Graham Baker and is a creation of tremendous power and beauty.

FINE MOUNTAIN  
SCENERY SHOWN  
IN MIX PICTURE

Mountain scenery, with all the details of its rugged grandeur, was caught by the camera as the background for scenes in "The Outlaws of Red River," Fox Films latest drama starring Mix. The mountains that appear in some of the scenes were twenty-two miles away from the camera, but a new process film introduced by Dan Clark, chief cameraman for Mix, enabled him to bring this clearly into the picture. The entire production was made with this new film.

VAUDEVILLE ACTS  
AT COLISEUM ARE  
MOST ENTERTAINING

Vaudeville at the Coliseum this week is a decided hit; each act being clever and entertaining. The closing act, with Harold Bechtel and Jimmie Howard, is a comedy talking and singing act, that is causing roars of laughter. Another highlight on the bill is Zippo, the seal pup, who has no legs and who is practically no arms, and yet he does an acrobatic act that is highly entertaining.

First Co-optimist  
Concert of Season  
Set For Labor Day

Encouraged by the patronage which the concert enjoyed last winter the management of the Crystal Garden announced the engagement of the Co-optimist Comedy Company for a series of weekly concerts during the coming winter months. Labor Day has been chosen as the date of the first of these concerts, but after that the season proper will open on Friday, September 23, and a different play will be produced on every subsequent Friday evening.

For the holiday entertainment on September 3 A. Legge-Wills has chosen a diversified programme of "Three Trifles." These are entitled, "In Sweet Bye and Bye," "Diamond Cut Diamond" and "Tough Luck." These plays will provide an evening's entertainment of varied interest, constituting as they do, travesty, drama and farce.

Between acts the Crystal Garden orchestra, under the leadership of William Tickle, will play selected symphony numbers.

Patsy Ruth Miller, appearing in "Painting the Town," at the Dominion this week.

Plans For New  
Nanaimo Brewery  
Are Considered

Nanaimo, Sept. 2.—With a view to considering the erection of a \$200,000

brewery in Nanaimo, E. G. Sick, manager of the Lethbridge Brewery, accompanied by Dr. Inglis of Victoria and associates, is looking over the local situation.

Dr. Inglis and his associates have taken over the control of the Nanaimo Breweries Limited, which has a Federal license to manufacture beer and a Provincial privilege of selling under the Liquor Control Board's supervision.

AN ALFALFA QUEEN—Citizens of Harrisonville, Mo., staged an alfalfa festival recently to boost the growing of that farm product in the town's trade territory. Miss Margaret Benn was chosen Alfalfa Queen for the occasion.

YOUR BABY and MINE  
By MERTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

THE NECESSITY OF PERFECT  
CLEANLINESS FOR BOTTLES USED  
FOR MILK FORMULAS

Bottle feeding is much more difficult than breast feeding for obvious reasons. Breast milk is practically sterile; is of exactly the right temperature and is made for the baby.

Cow's milk may be of the best quality but the use of a bottle which has not been thoroughly cleaned and sterilized may be sufficient to cause the baby a disastrous attack of diarrhea. In fact not only should bottles, be kept perfectly clean but everything which comes in contact with the baby's milk must be. The mother should wash her hands as carefully before starting to prepare the milk formula as any nurse or doctor. Milk bottles when received should be washed off and put on ice. The feeding bottles, one more than is necessary for the twenty-four hours, should be washed all at one time in hot, soapy water, using a bottle brush. They should be rinsed and put on the stove in a pan of cold water which is then brought to a boil. The bottles should be taken out, put on a clean towel and covered with a clean towel until ready to fill. Nipples go through the same process. Twice a week they should be boiled (more frequent boiling rapidly

CONSERVATIVES MEET  
AT DUNCAN SATURDAY

Annual Meeting of Nanaimo Association Called

The annual meeting of the Nanaimo Federal Conservative Association will be held at Duncan on Saturday afternoon. The meeting is called for the purpose of electing officers for the year and for the selection of the representatives from each of the provincial districts within the riding.

Immediately following the conclusion of the business of the annual meeting the convention will reconvene and proceed to the election of delegates to attend the national convention of the party, which will meet in Winnipeg on October 11.

For this convention the federal riding will be entitled to select four delegates and four alternates.

At the convention in Duncan on Saturday it is expected that the various provincial Conservative members and nominees in the districts that are embraced in the federal riding will all be present, including R. H. Pooley, House leader; John Bennett, recently chosen nominee for Nanaimo; C. F. Davis, M.P.P.; Colonel C. W. Peck, V.C. M.P.P.; and T. G. Coventry, M.P.P. The leader of the party in the Province, Hon. S. F. Tolmie, will also be in attendance. It is anticipated, and C. H. Dickie, M.P., the sitting federal member. Following the business it is expected that the opportunity will be afforded of hearing from these representatives of the party.

There are fifty delegates in addition to the officers that are entitled to attend the convention, five each from the provincial ridings of Cowichan-Newcastle, Nanaimo, Saanich, The Island and Esquimalt.

## Hide Caruso's Remains

Naples, Sept. 2.—Tourists in Naples no longer may view the embalmed body of Enrico Caruso, the great tenor. His tomb had been left open to the

## GIVES ANALYSIS OF NEEDLEWORK SHOWN AT WILLOWS FAIR

Mrs. Amy Ward, the Judge, Reviews Exhibits and Gives Valuable Advice

Needlewomen who entered their work for competition at the recent Provincial Fair at the Willows, as well as the many thousands of women who did not, will find much to interest them in the following analysis of the needlework exhibit, written by Mrs. Amy Ward, of North Vancouver, who acted as judge on the occasion. It contains much valuable advice to would-be exhibitors.

"Needlework is one of those gifts which enables us to see ourselves as others see us, for each piece of work is a silent picture of the character and disposition of its creator. Perhaps this is one of the reasons why needlework has lived and flourished throughout all ages of mankind. It has developed and changed with the humors and dispositions of every nation, and to-day it still stands as one of the best mediums of expressing taste, comfort and beauty wherever it exists. The Victoria Provincial Exhibition was no exception to this rule, and the popularity of every item of this section shows a wise choice by the compilers, together with good co-operation on the part of the exhibitors.

**JUDGING NOT EASY**  
 "Every piece of work was, I firmly believe, the best conception of its exhibitor, consequently the matter of choosing the first and second prizes was by no means an easy task; but if one bears in mind what I remarked at the beginning, that needlework should express the character of the nation, then we may find some foundation upon which to judge.

"As a general rule, this foundation or standard may be divided into five headings or five viewpoints, which are: 1. The style of the article; 2. Its design or component parts; 3. Its utility in present-day life; 4. The finish or neatness with which it is made; and 5. The general effect or impression it gives. These five points, of course, vary considerably according to the special service of each article. For instance, no one would expect to find the same treatment on flour-sacking as on strong cotton, on strong cotton as on fine cotton, on fine cotton as on linen, on linen as on silk, and so on. And again, a design which suits a curtain, or a 'vertical' article, would not do for table linen, bed linen or 'horizontal' covering. These remarks, old style which once looked charming in grandma's parlor have no use or place in our modern daylight homes.

**UP-TO-DATE DESIGNS**  
 "Further, some ladies forgot to take into consideration the necessity of choosing a really nice, up-to-date design. They expect that everything sold at needlework and pattern counters must, of necessity, be correct. That is probably why some ladies asked what to do when the design was not good. Well, there is only one answer: What do we do with bad eggs, and rotten vegetables? Do the same with bad designs and the stores will soon come up to scratch.

"Of course, the schools are trying to handle this situation by teaching girls to design their own articles, and this brings us to the children's section, which, I am sorry to say, was not at all illustrative of the amount of needlework which I know the children can do and are doing. I know that holidays interfere, and so on, but, at the same time, I am aware that Victoria and district is supplied with some of the very best sewing teachers of the Province, who could co-operate with the parents in staging one of the best exhibits of the Province.

**WOULD TRAIN GIRLS**  
 "If the catalogue is not arranged for this, I feel sure that Mrs. Crocker and her committee would be only too willing to consider a suitable list, so that the growing girls may be trained to join in and enjoy the pursuits of their progressive elders.

"Needlework, then, will continue its age-old service, its fascinating beauty will bind the new generation with the old; its tiny stitches will, like the sands of time, count the golden hours of useful employment; its resplendent beauty will produce an abiding happiness more precious than rubies.

"In conclusion, may I, through the courtesy of this paper, tender my sincere thanks to the ladies of the women's section, who, under the able conversancy of Mrs. Crocker, made my task of judging a really pleasant one?"

## GETS WINDFALL

MRS. LILLY PRIOR

Settlement of an English estate is to bring \$2,500,000 to Mrs. Lily Prior of Henslett, Long Island.

Tickets \$1, Travelers' Frolic, September 15.

## ILL-FATED AIRWOMAN

Miss Mildred Doran, school teacher of Flint, Mich., is here seen ready for her ill-fated flight to Honolulu in the plane Miss Doran, piloted by Aggie Pedlar. Nothing has since been seen of them, and search parties failed to reveal any trace of the plane or its crew.

## SOCIETY

Mrs. D. Charleton of Port Angeles was a visitor in Victoria yesterday.

Mr. and Mrs. Reginald Penbridge and family, George Road, are spending a few weeks at Cordova Bay.

Mrs. O. R. Fryer of Parksville, with her family, have left for England, where they will reside in future.

Mr. and Mrs. Joseph Rose and their little son, Raymond, have returned from their summer camp at Cordova Bay.

The Misses Cist of Cincinnati arrived in Victoria yesterday to spend a few days here and are guests at the Angela.

Miss Lillian Slomski left on the St. Princess Maquinna for Port Alberni, and will be the guest of Mr. and Mrs. Sharp for the next two weeks.

Mr. and Mrs. E. S. Wilkinson, who have been spending the last month in Victoria, as guests at the Angela, left yesterday on the liner Empress of Canada for their home in Shanghai.

Lieut.-Col. F. B. Eaton, Work Point Barracks, has been transferred to Halifax, and will leave to-morrow night, accompanied by Mrs. Eaton, for the mainland en route for his new home in the East.

Lady Cameron, who has been spending several months in the East, has returned to Vancouver where she will spend some days with her sons, Mr. Leslie Cameron and Mr. Lyne Cameron, before returning to Victoria.

Mrs. R. S. Henderson, ex-president of the Women's Guild of Empire, who has been spending the last two weeks at the Empress Hotel, left yesterday for the East, where she will join Mrs. Flora Drummond, en route for England.

Mr. Oliver Pauline left for Vancouver last evening to meet his parents, Hon. F. A. Pauline, Agent-General for B.C., and Mrs. Pauline, who are arriving in Vancouver to-day from England. They will spend two months on the Coast before returning to London.

On Tuesday evening at the home of the Bridesmaids, 402 Michigan Street, Miss Constance Matthews was united in marriage to Mr. Cyril Bernard Press, of H.M.C.S. Patricia. The ceremony, which was a simple one, was performed by Rev. Thos. Keyworth in the presence of immediate friends only. A short honeymoon will be spent visiting neighboring cities, after which Mr. and Mrs. Press will take up residence in this city.

Mrs. J. P. Westman has gone to Toronto for a short holiday and while there will attend the sessions of the general board of the Women's Missionary Society of the United Church of Canada. Mrs. Westman is one of the appointed delegates from the province. On her way home she has been asked to speak at several places in the interior and present the work of the society. Miss Jean Westman is accompanying her mother on this trip.

Lake Hill Community Centre held an enjoyable military 500 party on Monday evening with ten tables in play. The prize-winners were: 1. Mrs. Service, Miss Vantricht, Mr. Lingham and Mr. Green; 2. Mrs. Watson, Mrs. Miles, Mr. P. Hawes, Mr. Mitchell, Mr. Bid, Mr. Green and Mr. Douglas. The next card party will be held on Monday, September 12. The regular monthly meeting of the Centre will be held on Friday, September 2. A good attendance of members will be anticipated.

## MRS. GREEN FIRST ON ARTISTS' SERIES

Popular Pianiste to Give Recital Sept. 23; Club Auspices

The Ladies' Musical Club is presenting Gertrude Huntly in recital on September 23 as the first attraction on its Artists' Series Course. Mrs. Green has brought honor to Victoria by her great success at Wigmore Hall in London, in March of this year.

The Ladies' Musical Club has always been more than interested in Gertrude Huntly than any other organization could be, from the fact of her having helped the club when it was very much in need of help. Now that she is giving the first recital of the year, being at the head of the list in which a noted Metropolitan singer, an internationally known violinist, and that phenomenal technician, "capable of the poetic as well as the brilliant, sympathetic in interpretation and brilliant in execution," and "her performance entitles her to a high place among present-day pianists," with many more similar notices.

Mrs. Morgan's singing leading soprano roles at the Metropolitan, and her quiet sang in concert with the great Caruso during the last years of his life. In Georges Enesco is a genius, who is at once a violinist, composer and conductor. It will be a great privilege to see and to hear so gifted a person, and he has made an instant success wherever he has appeared. His rhythm, his intonation, his technical mastery and the truly musical quality of his phrasing are unerring.

To those who say, "We have never heard of Morgan or Enesco," one must call to mind the one example of Louis Gruenberg, of whom so many said the same thing, and we were sorry afterward they had not heard him.

The English Singers have made such a tremendous impression wherever they have sung that it is impossible to say too much. These singers, who must be three women, come from London and their first four New York recitals created a sensation. At their second recital the English Singers gave place to an audience which packed the hall, which stood when the seats were sold, and left disappointed those who found no room remaining to stand in.

They provide an entertainment which baffles description because the captivating spirit of it cannot be reduced to words. It is a delightful two hours of excellent singing of motets, madrigals, ballads and they sing the way string quartets ought to play. The programme for the season is one of interest and real artistry, and the number of season tickets should be taken long before the sale of single tickets for the first concert, and more especially as the cost of the season tickets is a very nominal one. These tickets are on sale at Fletcher Bros. Telephone 3379, and mail orders addressed to the Ladies' Musical Club, care of Fletcher's will be received and filled in the order, received when a stamped self-addressed envelope is enclosed.

Royal Oak's Annual Show—Everything is now in order for the fifth annual exhibit of garden produce and women's work by the Royal Oak Women's Institute. The show will be opened on Saturday, September 3, at 3 p.m., by Rev. William Crouch.

Afternoon tea and refreshments will be served and various other attractions are being arranged for afternoon and evening. Mr. G. Maynard will conduct off any things left for that purpose at the close of the fair.

Major Gerald C. Miller, who has been spending the last two months in Victoria as the guest of relatives and friends, will leave to-morrow for the mainland en route to his home in Ardingly, England.

Capt. J. S. Wood of Winnipeg is expected in Victoria on Monday to join Mrs. Wood, who has been spending the last two weeks here at the guest of her parents, Dr. and Mrs. Richard Nash, Pemberton Road.

Mr. and Mrs. A. Collins, Savoy Apartments, will leave on Sunday on the steamer Emma Alexander for Garden Grove, near Long Beach, Cal., where they will make their future home, having purchased an orange grove in the South.

Mr. E. L. Richardson, who has been spending the summer vacation in Victoria as the guest of his parents, Mr. and Mrs. Frank Richardson, Fort Street, left this afternoon for the mainland to resume his duties as teacher at the public school at Kincolth.

Mrs. N. F. Payne, Linden Avenue, entertained at dinner last evening in honor of her sister, Mrs. Chatter Payne, of Vancouver, the party later going on to the Crystal Garden to dance. Those present were Mrs. Payne, Col. and Mrs. Homer Dixon, Mr. and Mrs. L. C. Boyd, Mrs. Humphrey Baynes, Miss Gladys Irving, Mr. E. E. Blackwood, Mr. Gordon Campbell, Mr. P. R. Wilson, Mr. Hall-Ing, Mr. A. Pitts and Mr. J. Matson.

Mrs. Philip Humber, 3060 Cedar Hill Road, entertained on Tuesday evening in honor of her niece, Mrs. Charles Wilson, of Toronto, and her two sons, Stanley and Fred, who have made a special trip from the East to be present at the wedding of Miss Lydia Humber and Mr. Harry Smith, which takes place shortly. A very enjoyable evening was spent at cards and dancing. Those present were Mr. and Mrs. Len Ostler, Mr. and Mrs. C. Wilson, Mr. and Mrs. W. Morry, Mr. and Mrs. L. Campbell, Mr. and Mrs. J. Smith, Mr. and Mrs. H. Tippet, Mr. and Mrs. Wells, Mrs. Geo. Garnett, Mrs. Blingston, Mrs. McDougall, Mrs. P. Campbell, Miss Keamer, Miss Mott, Mr. Geo. Stock and Mr. Peter Morry. The prizes were won by Mrs. Maymott, Mrs. Wells, Mr. Tippet and Mr. Geo. Stock.

## REV. W. CARROLL TO RETURN TO ENGLAND

St. Luke's, Cedar Hill, to Lose Rector; Rev. S. Ryall New Incumbent

After being the incumbent of St. Luke's Church, Cedar Hill, with notable success for the last six years, Rev. William Carroll is resigning to leave for England at the end of November. This step has been necessitated owing to family reasons which impel his return to England, where he will join Mrs. Carroll and his son, who preceded him some months ago.

During the war, Mr. Carroll served as chaplain of the Canadian forces, latterly at Constantinople. He was demobilized in November, 1921, and was then appointed temporary chaplain at the Royal Hibernian Military School at Phoenix Park, Dublin.

After two months in that post, Mr. Carroll was appointed rector of St. Luke's, Cedar Hill, and came out from the Old Country direct to that incumbency, arriving here at the end of 1921. He will be succeeded at St. Luke's by Rev. S. Ryall, who has been rector of St. Paul's Church, Nanaimo, for the last ten years.

Baked Apples  
 If you will prick the skins of apples or plums with a fork when baking they will not burst.

## It's not too late!

AFTER a holiday away from home, when the children are back at school, any housewife, with the aid of Certo, can fill up her jam and jelly cupboard in short order.

Grape jelly, crab-apple jelly, mint jelly, peach jam, green pepper jam, quince jam—a rich and tempting winter's supply can be prepared in a few hours—if Certo is used.

CERTO—the natural jellifying element extracted from pure fruit, cuts down the boiling time required to one or two minutes and makes success certain with all fruits.

There is a complete recipe booklet with every bottle.

Send the coupon and we will mail you (free) a special colored booklet of recipes and suggestions for jams and jellies.

## WOMAN CATERERS DAILY FOR 10,000 MEALS

Mrs. Mendelssohn of London Holds Biggest Job of Its Kind in World

London, Sept. 2.—A woman, Mrs. Mendelssohn, who is accustomed to cater for 10,000 meals a day, has just been appointed catering superintendent for the houses, numbering forty or fifty, associated with the Drapery Trust Limited. It is believed to be the biggest job in catering held by a woman in this or any other country.

Mrs. Mendelssohn, who has catered without any training, from looking after a large household she suddenly found herself called upon to provide 1,000 to 1,500 meals a day at a restaurant at one of the largest West End stores.

During the eleven years she managed it the daily meals increased to 10,000 and Mrs. Mendelssohn found herself ordering potatoes and other foods by the ton and eggs at the rate of 10,000 a week, her takings being over £100,000 a year.

Now Mrs. Mendelssohn appears to be opening restaurants every other week. Last week it was Harrogate; next month or the month after it will be Plymouth, and then come Bristol and London.

"I wish," she told a London reporter, "that more women would come into the catering business. There is bigger scope for them as managers here than anywhere else, and yet the first thing a woman thinks of when she is thrown on her own resources is selling dresses or hats."

## Former Mrs. Horace Dodge Jr. is Wed To U.S. Lieutenant

Honolulu, Sept. 2.—Lola Dodge, divorced wife of Horace Dodge Jr. of the Detroit automobile manufacturing family, was married yesterday to Lieutenant Benjamin Franklin Manning, U.S.A. The wedding took place at the home of Kenneth Harlan, a motion picture actor, the ceremony was that of the Methodist Episcopal Church.

Manning's wife was killed in an automobile accident last New Year's Eve. Mrs. Dodge came to Honolulu recently after her divorce in Detroit.

Manning is a lieutenant of coast artillery and is stationed at Fort Ruger, near this city.

## DUMP FOR GARBAGE DRAWS COMPLAINT

Oak Bay Council Considers Situation of Municipal Dump, Following Protests

Following a recent grass fire on vacant lots on St. Ann Street, Oak Bay, the Oak Bay Council last night dealt with two complaints from residents regarding the garbage dump in the neighborhood.

F. G. Allwood and W. S. Smith, residing at 1744 and 1736 St. Ann Street respectively, complained that the fire was undoubtedly caused through sparks from the dump and also the smoke caused by the continual burning of refuse.

In discussing the matter, the Council considered previous efforts to gain information regarding incinerators and such equipment for the disposal of garbage, but it had been discovered that such means were unsuitable. The fire hazard was not really great, it was ascertained, and although there was some inconvenience to residents, they were compensated in a degree by lower assessments. It was decided to notify the complainants that the council had the matter under consideration.

The council authorized the issuance of milk vendors' licenses to the following: W. B. Stewart, G. C. Girling and W. H. Catterall.

After the disposal of the otherwise light agenda, the council dealt with several by-laws, especially those regarding building permits and the construction of signs on property in the municipality. A scale of charges was fixed for building permits after some discussion, and this by-law will be passed after final drafts. A few details with regard to size and number of signs to be placed on property following some suggestions of the Real Estate Board were considered in the sign by-law, which has been previously gone over by the council, and this was finally passed.

There are nearly 700 varieties of plants in the Hawaiian Islands that can be found nowhere else.

## Duncan Sportsmen Talk Over Affairs; Club in Good Shape

Duncan, Sept. 2.—This semi-annual meeting of the Cowichan Cricket and Sports Club was held this week. The secretary stated that after paying taxes, ground work, material and incidentals there remained a balance on hand of \$147.30.

A letter of appreciation from the captain of the Victoria club visiting Duncan in the cricket tournament was read, and all agreed that the cricket week was an unqualified success, and hopes were expressed for another week next year.

Major Williams-Freeman brought up the matter of adding a squash racket court at the sports ground and affixing with the sports club. Quite a number of members are keen on this sport, but some thought the ground too far from the city. A more central location was suggested. The matter will be looked into further.

The ground will be in shape for hockey and rugby football this winter, and R. S. Kirkham stated that some of the debenture holders had not had any acknowledgment on turning in their debentures, and suggested a card being printed and set to all those who had turned theirs in detailing the privileges of life membership and security.

Lady Douglas Chapter.—The Lady Douglas Chapter, I.O.D.E., resumed its meetings after the summer vacation yesterday afternoon at the Alexandra Club, when the regent, Mrs. R. B. McKinnon, presided. A standing vote of sympathy was passed to Mrs. John Oliver and Mrs. W. J. Goepel in their recent sad bereavements. Mrs. G. Aish, the treasurer, received a warm welcome back after her recent illness. A vote of thanks was extended to Mrs. Walter Burton for her work in organizing Heather Day on August 26. Mrs. S. W. Walker consented to act as convener of another rummage sale, which the chapter will hold during the first week in October, the date and place to be announced later. Two new members, Mrs. C. T. Teasdale and Mrs. W. J. Sheppard, were welcomed into the chapter.

## British Teachers in Canada

Calling from Liverpool for Canada on Canadian Pacific steamer Metagama, a party of 160 British teachers are in this country to attend the conference of the World Federation of Education Associations at Toronto from August 7 to August 13. Following this convention they will in part disperse to friends and on private visits to various parts of Canada, while a large number of them will take in the high lights of Canadian scenery and places of interest.

## JUDGE HELEN MacGILL TO ADDRESS WOMEN

The Women's Canadian Club will meet on Tuesday, September 6, at 2:45 at the Empress Hotel, when the speaker will be Judge Helen MacGill of the Supreme Court, Vancouver. Mrs. MacGill will speak on some aspects of social legislation in British Columbia and its administration. She will deal with Minum Wage, Mothers' Pensions, Juvenile Court and similar matters of paramount interest to women, and it is hoped members will turn out in force.

With her sister, Mrs. L. B. Bing of St. James Street.

Mr. Blair Dickson, St. Patrick Street, has left for Glasgow, Northern B.C., to take charge of the public school there.

Miss Kathleen Powright left yesterday for San Francisco after spending a vacation here at the home of her father, Mr. E. Powright.

Mr. W. A. Patterson, manager of The Times advertising department, will leave this evening on a business trip to a number of cities in Eastern Canada and the United States.

Rev. H. T. Archbold and Archdeacon Collier have left for Toronto, to attend the meeting of the General Synod of the Anglican Church in Canada at Kingston, Ontario. The Archdeacon of Columbia will leave on Wednesday next for the East.

Mr. and Mrs. J. H. Peard and Mr. Peard of Medicine, Alberta, are visiting in Victoria as the guests of Mr. Peard's brother-in-law and sister, Major and Mrs. F. B. George, Fairfield Road.

Mr. Peard has purchased a home at Brentwood, and with his family will shortly be resident there.

Major and Mrs. Sherman, who have been spending the last few months at Calgary and Banff, have returned to Victoria and are resident at the Angela. Major Sherman has been attending Sars Camp. They will leave this Fall for Kingston, Ontario, where Major Sherman is being transferred.

Mrs. P. C. Abell, Mrs. Viola Edwards and Master Alan Edwards, and Miss Miss Edmonds left for a three weeks' motor tour this morning as far as Kamloops and Vernon via Sidney and Bellingham. Miss Edmonds will resume her teaching duties in the Okanagan, and the rest of the party will return to Victoria via Spokane and Seattle.

A miscellaneous shower was held Thursday evening at the home of Mrs. R. T. Beaumont, 370 Obed Avenue, in honor of Miss Caroline Thomas, a popular bride-elect, whose marriage takes place Saturday, September 3. The many gifts were concealed in a miniature harvest wagon of wheat sheaves, which was suitably decorated and drawn in by Master Frank Beaumont. The evening was spent very happily by the bride-elect and her many friends, after which dainty refreshments were served.

The guests included, Mrs. Billgeok, Mrs. W. Townsend, Mrs. R. Farrow, Mrs. T. Milburn, Mrs. G. Wharf, Mrs. S. Somerville, Miss C. Thomas, Miss Beard, Miss M. Roberts, Miss Parkinson, Miss H. Paget, Miss M. Stewart, Miss White, Miss D. White, Miss Brinkman, Miss Allison and Master Frank Beaumont.

## LOCAL MAN'S SON WED IN SEATTLE

Mr. John C. Chapman Takes Miss Helen Trick For Bride

Seattle, Sept. 2.—Epiphany Church was the scene of a beautiful ceremony on Tuesday evening when Miss Helen Trick, daughter of Mr. and Mrs. Edward Alfred Trick, was married to Mr. John Chandler Chapman, son of Mr. and Mrs. Albert Chapman of Victoria, B.C.

The church was never more picturesque than in its decorations of green and white. The aisle was outlined with streamers of tulle, and tall candelabra holding burning tapers were entwined with garlands of daisies. The altar was banked with greens and standards of white gladioluses, and Michaelmas daisies were on either side.

The bride was a charming picture in her wedding gown of ivory satin, with a drapery at one side, and trimmed with pearls. A slight tracery of the pearls was around the neckline, and also on the front of the skirt. Her veil of princess lace was bound capshap with clusters of orange blossoms. She carried a shepherd's crook, tied with white orchids and roses.

Miss Corinne Trick, the maid of honor, wore a bouquet of white and pink roses, ranging from the pale almond to a deep jade, with oval yokes of the lace in back and in front.

They carried crooks, tied with small bouquets of roses and sweet peas. Whiffled Tipping was the flower girl. Her frock was of Nile green ruffled georgette.

Mrs. Trick, mother of the bride, wore rose beige crepe romaine, edged with rhinestones, and Mrs. Chapman, mother of the bridegroom, wore flesh-colored crepe Elizabeth.

Mrs. Harold Morford was best man and the ushers were Messrs. Wesley Langlow, Robert Harmon, Waldo Chamberlain and Wayne Gilmore.

Mrs. Israel Nelson sang "O Promise Me" and "All For You" before the ceremony and Miss Mae Young of Bremerton played the wedding march.

A small reception at the Trick residence followed the ceremony. Assisting were Mrs. W. H. Scott, Mrs. William Tipping, Mrs. Lewis Kelley, Mrs. Leon Moore, Miss Doris Trick, Mrs. Frank Parrish Jr. and Miss Dorothy Rogers.

Mr. and Mrs. Chapman will be at home at 5241 15th Avenue N.E. after September 10.

## Weds While Dying

Trenton, N.J., Sept. 2.—Although a premature explosion in a quarry had so crushed and cut George Miles that it was known he could not live, he was married in a hospital room. He and his sweetheart had been contemplating marriage when the accident occurred.

TACOMA'S FIRST SYK POLICEMAN—Chief of Police M. D. Guy of Tacoma, Wash., is shown here officially commissioning Jack Storey as Tacoma's first air cop. Storey recently volunteered to chase a bandit gang, and the idea took with the chief. Storey may get into the Spokane-Tokio air derby in September.

## Youths Confess They Drowned Their Young Companion

New York, Sept. 2.—The drowning of a twenty-two-year-old youth by two young companions to permit his older business associate to collect \$140,000 in life insurance was revealed in confessions held by Brooklyn police to-day.

The confessions, obtained from Harry Greenberg, seventeen, and Irving Rubinsahl, twenty-two, were said by police to describe how Benjamin Goldstein, thirty-two, east side hosiery dealer, was pushed from a rooftop off Coney Island last Friday and left to drown. Authorities said Rubinsahl's confession charged Goldstein, the beneficiary of the insurance policy, with arranging the killing.

Rubinsahl, Greenberg and Leftkowi were arrested on charges of homicide after a 34-hour investigation, inaugurated when Samuel Goldstein, father of the dead boy, told the police he suspected foul play after the body had been found in Gravesend Bay.

MASKED VOICE.—Profiting by the example of the famous masked tenor, the new Columbia system of broadcasting stations has adopted a "mystery announcer." We are assured that he's a popular entertainer and that he'll keep fans in high and gleeful spirits between programmes.

## Man Sentenced Said He Was Beaten By a Detective

Vancouver, Sept. 2.—That he was beaten by Detective S. Quirk after being arrested by that officer was the statement made in open court here before Magistrate Shaw by Albert Brett, charged with carrying offensive weapons.

The accused asked permission to put a question to the magistrate, and on the request being granted said: "Has an officer the right to beat a man up when he brings him to jail?"

Magistrate Shaw remarked that it depended on the amount of resistance offered by the captive, whereupon Brett continued in explanation, pointing to the detective, who was on the witness stand.

"I didn't answer the question the way he wanted me and he said I was lying, and beat me up."

"That is a matter to go to the chief of police," said the court. "You must make your complaint to him."

Brett was fined \$50 and sentenced to three months' imprisonment for having a knuckle duster and a sheath knife in his possession.

The origin of the word "spooning" goes back 500 years to the time when a young man made known his marital intentions by giving the girl a "love-spoon," a hand-made utensil with two bowls on a single stem.

## TO MARK DISCOVERY OF COAL AT NANAIMO

Engineer For Historic Sites Board Sees Monument Erected

Nanaimo, Sept. 2.—Captain Z. M. Riddell of Ottawa, engineer for the Historic Sites Board of the Canadian National Park Commission, Department of the Interior, is in this city supervising the erection of a monument on the oval opposite the Post Office in commemoration of the discovery of coal in Nanaimo.

The erection of this monument commemorates a movement inaugurated by ex-Mayor Harrison, who during his term as Mayor and as chief factor of Nanaimo Post, Native Sons, was always active in having the foundation of Nanaimo's basic industry handed down to posterity. The monument is a granite column three feet square at the base and seven and one-half feet in height, and has been turned out by Mr. C. J. Millins of the Nanaimo Monumental Works.

By agreement, the site has been turned over by the City Council to the Department of the Interior for a period of ninety-nine years. It has been suggested that instead of the column at present growing on the site, the monument be erected on a hill, when the monument is erected the hillside should be eliminated and the base of the column should be placed with a few flowers placed at intervals around the exterior of the oval.

The inscription on the monument, written by ex-Mayor Harrison, is as follows: "Discovery of coal at Nanaimo, and the development of the coal industry, which would have taken a decade to materialize if it were not for the continuous shipping of coal to all important points on the North Pacific Coast and to merchant and naval ships continuously since the year 1862, when its existence was made known to the company by Indians."

In this year the Hudson's Bay Company commenced the construction of the Station to safeguard the white settlers.

This monument stands approximately 200 yards north of the point of discovery and 500 yards south of the pit head of the first commercial coal mine.

## WHITE BERRIES

A navy blue georgette frock achieves a distinctive note with its buttoniere of white berries worn in the deep "V" of the white georgette collar.

## Menus For the Family

By SISTER MARY

Breakfast—Grape fruit, broiled fish, potato cakes, ripe coffee.

Luncheon—Cold boiled tongue in aspic, potato salad, corn muffins, blackberries and cream, plain cookies, milk, tea.

Dinner—Vegetable plate, watermelon salad, caramel custard, milk, coffee.

In this dinner menu the protein-rich dish is found in the dessert. Often a poached egg is served on a bed of spinach or any creamed vegetable on toast but for this "plate" the addition of the egg is unnecessary. When planning a vegetable dinner always choose

TORONTO, CAN.

vegetables of contrasting color and arrange them attractively.

## COLD BOILED TONGUE IN ASPIC

Two tablespoons granulated gelatine, 1 cup cold water, 2 cups boiling water, 2 bouillon cubes, 2 tablespoons minced carrot, 1 tablespoon minced onion, 3 tablespoons minced celery, 1 tablespoon minced parsley, 1 teaspoon salt, few grain pepper, 1 cup diced cold boiled tongue, 1 head celery.

Soften gelatine in cold water for five minutes and dissolve bouillon cubes in boiling water. Add carrot, onion, parsley, celery and salt to dissolved bouillon cubes, cover closely and simmer twenty minutes. Remove from fire and stir in softened gelatine. Strain through wire and then through cheesecloth. Place a spoonful of the aspic in the bottom of each individual mold. It will stiffen very quickly. On this put a slice of crisp celery. Cover with a thin layer of aspic and a layer for layer of aspic, celery and meat until all is used. Put on ice for several hours to chill and become firm. Unmold on a bed of lettuce hearts and celery curls.

To unmold, wrap each cup in a towel wrung out of hot water. Invert and the aspic will slip out easily.

This is an excellent way to use up the end of a tongue that is too small for slicing.

**Colman's Timely Recipes for SEPTEMBER**

As the Fall approaches we begin to feel the need of more substantial dishes.

The following seasonable recipes will help you to serve meals that are appetizing and satisfying. The finest flavours in the ingredients are subtly developed by Colman's Mustard. Try them. Clip them for future reference.

### ROAST BEEF BROILED

6 slices rare roast beef; 1 tablespoon sharp horseradish; 1 tablespoon Colman's Mustard; melted butter.

Mix the condiments and rub thoroughly into the slices of beef. Brush with melted butter and broil only enough to heat them through. Serve with lettuce and tiny pickles.

### BAKED MEAT LOAF

1 cup chopped or minced meat—beef, ham or mutton—3 hard boiled eggs, (chopped); 5 soda crackers (chopped fine); 1 pint milk; butter size of an egg; 1 teaspoon flour; 1 teaspoon Colman's Mustard; pepper to taste.

Boil milk, thicken with flour, add butter, ham, crackers, eggs, Colman's Mustard and pepper. Bake 1 hour.

### CHEESE PUDDING

Butter a baking dish. Place in it a layer of bread butter cut in small squares, then a layer of grated cheese. Sprinkle with a very little Colman's Mustard and paprika and salt. Repeat until the dish is full. Beat up two eggs, stir them into one and one-half cups of milk. Pour this over the bread and bake thirty-five or forty minutes in a moderate oven. Serve at once. If desired, strips of bacon may be laid on top when the pudding is half done.

### TOMATO SAVORY

6 large tomatoes (peeled); 2 large onions; 3 cups bread crumbs; 1 heaping teaspoon Colman's Mustard; 1/2 cup chopped parsley; any left-over meat; pepper and salt as desired.

Chop meat, parsley and onions or run through mincer; mix in bowl with crumbs, mustard, pepper and salt. Heap deep baking dish with alternate layers of crumb mixture and sliced tomatoes, having crumb layer at the top, dot with small pieces of butter and bake in moderate oven for 30 minutes. If tomatoes are not very ripe and juicy, pour in a little cold water at sides of dish before putting in oven.

### SALMON HASH

Cut up in small square pieces 1 1/2 lb. fresh salmon and place in a saucepan with 1/2 cup of water, a little salt, white pepper, 1 clove, 1 blade of mace, 1 teaspoonful sugar, 1 shallot and 1 teaspoonful Colman's Mustard mixed with 1/2 cup vinegar. Let boil and add 6 skinned tomatoes cut in small pieces, a few branches of parsley and a wineglass of sherry. Let the whole simmer gently for 3/4 of an hour. Serve very hot, garnish with toasted bread cut triangular. This dish is also very appetizing when served cold at dinner or supper.

## WARSHIPS DESTROY VILLAGES OF PIRATES

British Force Carries Out Raid at Bias Bay, on Coast of China

Pirates Kill Captain of Chinese Vessel and Take 100 Chinese Prisoners

Shanghai, Sept. 2.—British naval forces, it was officially announced today, conducted a successful punitive expedition against the pirate stronghold in Bias Bay, near Hongkong, yesterday. No details were issued.

The Westminster Gazette (London) correspondent at Hongkong said the punitive expedition, which raided Bias Bay in search of pirates who had looted the steamer Yachting, consisted of the cruiser Denon and the sloops Foxglove, the destroyer Sirdar and an aircraft carrier. He reported several villages had been destroyed by gunfire and dynamite, but there was no trace of the pirates.

Pirates were active off the Kwangtung coast of China early in the year, and as a consequence British naval authorities carried out a strong punitive expedition on the Bias Bay in March, using all the implements of modern warfare. Under cover of aeroplane, landing parties destroyed about 100 houses by fire and explosives in two groups of villages.

**CHINESE SHIP LOOTED**

Hongkong, Sept. 1.—Pirates seized the Chinese steamer Koochow in the West River. Twelve of the pirates boarded the vessel, shot the captain while he was at dinner and then shot the chief engineer, throwing the body overboard.

The Koochow was taken to Taipei, where more pirates helped to loot the ship. One hundred Chinese passengers were carried off as prisoners.

## NEWS IN BRIEF

The sixteenth Canadian Scottish Pipe Band will play the "Retreat" at Parliament Square this evening at 8 o'clock. When leaving the grounds the band will stop for a few moments in front of the War Memorial where the "Last Post" will be sounded.

During the winter months the Victoria Public Library will be open on Sundays from 2 o'clock in the afternoon until 9 o'clock in the evening for reading and reference purposes only. The library will be closed on Labor Day, September 4.

James B. Waldron, charged with unlawful possession of drugs, will stand the manner of his trial in an appearance before Judge McIntosh in County Court this afternoon. R. C. Lewis appears for the defendant, who has the right of taking trial by judge and jury or by judge alone. Waldron was committed for trial after a preliminary hearing in the City Police Court. He is charged with possession of a small quantity of opium, heroin and morphine.

Prof. E. Odum, M.A., B.Sc., of Vancouver, B.C., will speak in this city on "The World Plan of British-Israel Teaching." His first lecture will be on "The World Plan of British-Israel Teaching," Sunday, 3 p.m. In the evening he will speak on "Prophecies Fulfilled, Fulfilling and to be Fulfilled," at 7:30 o'clock. On Monday, "The World-plan Now in Progress Among the Nations," at 8 p.m. On Tuesday, "The Last Great Struggle, Its Preparation, Its Continuation and Its Result Preceding the Millennium," at 8 p.m. All will be delivered in the King's Hall, Yates Street, September 4 to 6, inclusive.

## NEW BUILDINGS SOON FOR WESTERN FAIRS

Made-in-Canada Displays Planned For Events West of Great Lakes

Directors of Fairs Have Discussion With Manufacturers in Toronto

Toronto, Sept. 2.—The Canadian Manufacturers' Association was host at a luncheon held here yesterday to ten presidents and managers of what are known as the "five big fairs" of the West, following which a discussion developed of a closer co-operation between Canadian manufacturers and the Western Fairs Association.

It was suggested at the meeting that a wider exhibition and distribution of Canadian-made products in Western Canada would aid in this objective. During the discussion it was pointed out that while Western fair managers were anxious to have more manufacturing exhibits, they were hampered by lack of space, and it is probable that as a result of the meeting the Canadian Manufacturers' Association will co-operate in the working out of a scheme of self-supporting "made-in-Canada" buildings, such as have been so successfully started by the Canadian National Exhibition here.

## COOL WAVE MOVES EAST OVER PRAIRIES

Frost Last Night at Points in Alberta, Say Reports To-day

Winnipeg, Sept. 2.—A cool wave which swept out of the north and enveloped the greater part of Alberta during the night, gradually spreading eastward to-day.

While official records, issued here by the Federal weather bureau, indicate that only at Calgary was the frost level reached, reports from eastern sections of Alberta placed the frost at 3 to 12 degrees. It is understood grain cutting is well advanced in that territory and that there is very little likelihood of serious damage. Gardens were touched by frost at Calgary, Olds and Carleton.

Cooler temperatures and unsettled weather conditions are forecast for the prairie provinces.

**IN SOUTHERN ALBERTA**

Lethbridge, Sept. 2.—Southern Alberta got its first frost scare last night when two degrees were recorded at Barrow and slight frost at Bow Island and Windfall. Five degrees were recorded on the Nokesville subdivision of the C.P.R. in southwestern Saskatchewan. Light winds in the foothill districts aided the situation there, the mercury standing at 40, as against 39 at Lethbridge.

## COCHET AND BRUGNON BEATEN BY YOUTHS

French Davis Cup Stars Lose in Hard Five-set Match to Doeg and Lott

Brookline, Mass., Sept. 2.—John Doeg and George Lott, American Davis Cup alternates, defeated Henri Cochet and Jacques Brugnon, French Davis Cup champions, in a gripping five-set struggle in the national tennis double here to-day, 6-3, 3-6, 6-3, 2-6, 9-7.

A straight-set victory was won by Cochet and Brugnon, but the Americans, Davis Cup stars over Nathaniel Miller, Boston, and William Washburn of New York.

**Stabs Biggest Catfish**

Creighton, Okla., Sept. 2.—An enormous catfish which high waters had left stranded in a pool near the Cimarron River near here, defied fishermen for two weeks. But a bather armed with a knife plunged in after it and stabbed it to death. The fish weighed nine pounds, was five-and-a-half feet in length and had a head eighteen inches wide.

A. G. Morry of 1209 Stanley Avenue here received word of the death of his mother, who passed away in St. John's, Nfld., on Tuesday last.

## TO OUTLINE RECENT WORK OF LEAGUE

Sir George E. Foster to Address Public Meeting at Royal Victoria To-night

Answers to the oft-heard queries, "Is the League functioning?" and "Is it possible to avert war?" will be given by Sir George E. Foster, K.C.M.G., at the Royal Victoria Theatre to-night. Sir George, who acted as the city yesterday afternoon, accompanied by Lady Foster, will speak on the recent activities of the League of Nations.

Sir George is vice-president of the League, and was the Canadian delegate at last year's assembly. He is in full possession of all the facts concerning the League and its achievements, and in his address this evening will marshal them with his well-known clarity and eloquence.

The doors of the theatre will be opened at 7:45, and those intending to see the veteran statesman are advised to hand early to avoid disappointment. Admission will be free, but a collection will be taken to defray the expenses of the theatre.

## LONDON-LONDON AVIATORS REST FOR ONE DAY IN MAINE

(Continued from page 1)

ran into heavy fog. To get away from the fog, we decided to leave the river and take a course farther south. This brought us over Maine.

"We found ourselves back in Aroostook County and kept on across New Brunswick. As nearly as we could tell, we crossed Prince Edward Island and got thirty or forty miles out to sea in the direction of Newfoundland, but the fog was so dense we feared we could not find Harbor Grace, where we had planned to land before starting across the Atlantic.

"So we turned back. We flew as high as 7,500 feet, trying to get above the fog, and then came down close to the ground to get below it. It was not long before we got away from it until we could hear the New Brunswick-Maine coast.

**OVER LEVEL COUNTRY**

"We found ourselves back in Aroostook County and seeing the great expanse of level potato farming country, with few trees, and flying low, spotted the fields with many small fields. It seemed to be the most promising landing place. There we came down and the field was so smooth that we hardly bumped. One reason we chose that place was because it is such a big field and there will be plenty of room for a take-off when we are ready to get away again.

"Of course we are anxious to get on, but a day's delay won't make any real difference."

**LOST WAY IN STORM**

London, Ont., Sept. 2.—Early to-day further details of the landing of the Sir John Carling, London-to-London monoplane, were received here by long distance telephone from Caribou, Maine, through Bangor, Maine, and via Caribou, N.B. It was stated Captain T. B. Tully and Lieut. J. V. McDevitt, the aviators, had passed over Woodstock, N.B., at 2:30 p.m. yesterday on their course for Newfoundland. They had been flying through thick weather, rain and fog for nearly 300 miles and ran into rain and a storm with a low ceiling, entering a farmer's field and appeared to have missed their drift sights in the mountains in northern Maine and to have got off their bearings in the storm. Four hours after leaving London, they were reported to have been turned overboard by the storm. Not knowing their position and with night approaching, they selected a farmer's field and brought the monoplane down six miles from Caribou, undamaged. Both pilots motored to a Caribou hotel.

They stated they planned to get off at once and to continue on to Caribou, N.B., to try a dash thence for Newfoundland to continue over the Atlantic for London, England.

## PLANE CREW READY FOR FLIGHT FROM QUEBEC TO ENGLAND

(Continued from page 1)

The first sign of trouble was a smoking left wing.

"I don't know what caused the fire. It was either a spark from the exhaust or friction. The wing was not badly damaged, although the tail was loosened, and this held us up this morning."

"It was a miracle we did not crash."

**EARLY HOP-UP PLANNED**

Windsor, Ont., Sept. 2.—The monoplane Royal Windsor, en route to London, Eng., from here, which was forced down in a field near St. John's, Que., at 8 o'clock last night, awaited an opportunity to start again this morning.

Great Britain, according to word received here by Justus Miller, baker of the night.

Mr. Miller, who received a telephone call from Clarence A. Schiller pilot of the plane, shortly after it had been forced down by a friction fire, said the plane had done no damage, but that the tail had been loosened by the landing jar. A blacksmith had been ready for the second hop-off. Mr. Miller said he had been informed by the pilot.

**FIELD IN SMOOTH**

Schiller and Phil Wood, co-pilot, spent last night at a farm house near where they landed and expressed the opinion they would have no difficulty in getting away to-day.

In good weather should prevail, Schiller intended to start the Windsor, made to fly direct from St. John's to Windsor, Eng.

The Royal Windsor took off from Walker Field, near Walkerville, Ont., shortly after 9 a.m. on Saturday on the projected non-stop flight to Windsor, England.

**Sande's Wife Dies**

Saratoga Springs, Sept. 2.—Marion Coe Sande, wife of Earle Sande, the jockey, died to-day.

## CAN SO-CALLED SCHOOLS WILL OPEN TUESDAY

Provide Advantages of Well Graded Schools in Rural Districts

Opening of two consolidated rural schools on Vancouver Island marks another important forward step in education in British Columbia.

His providing facilities for scholars in rural districts which will enable them to save from a year and a half to two years in the school time that would otherwise be required for them to reach entrance to high schools, it was announced at the Department of Education to-day.

Premier Hon. J. D. MacLean will open the two schools next Tuesday. Five rural districts have combined to build the new school at Tofino, which is the largest consolidated rural school of its kind in the Province. Scholars will attend from Sandwick, Merville, Headquarters, Ducrest and Grant-ham and ten teachers have been appointed to instruct the 350 to 400 children.

The other school is at Comox, in the district of Comox, Laro and Nob Hill. There will be six teachers and about 200 pupils. Elementary school work and two years of high school are covered by the curriculum.

**BETTER CURRICULUM**

The upkeep of the schools is taken care of by the local authorities but fifty per cent of the cost of building them was met by the Provincial Government and the district. Bids for automobile transportation of the scholars to convey them from the scattered districts from which they will travel to school were called for before the annual meeting of the ratepayers in the district. Acceptances were made and automobiles suitable for the purpose were secured and so many are able to take them to school in the morning and return them to their homes after lessons.

**Suit to Follow Customs Inquiry**

Ottawa, Sept. 2.—The Customs Inquiry will be asked next Wednesday to recommend that a civil suit on the charge of defrauding the revenue branch be taken against the Compagnie des Produits Gavins Limited of Montreal.

B. L. Calder, K.C., commission counsel, gave notice of this application just before the noon adjournment to-day. Mr. Calder stated the Canadian Tobacco Producers Company had asked him to put this suit in motion as it would be taken.

**Champ Breath Holder**

Middleton, Conn., Sept. 2.—Here's a new freak championship—holding one's breath for fourteen minutes and two seconds. E. L. Gaylor Jr., senior at Wesleyan College, accomplished the feat before physicians recently. He gulped three large breaths of pure oxygen, and held the last one for a new record.

## HOTEL LOBBY GOSSIP

Founder of the Museum of the Americas, Indian, G. C. Hays of New York, is a visitor at the Empress Hotel in company with Herman Hendricks, vice-president of the museum, but on this occasion they are not on a collecting mission.

Following their policy of keeping in close touch with development in Western Canada, a group of executive officers and directors of the Canadian Bank of Commerce will spend several days early this month in Vancouver and Victoria. The party will include Sir Joseph Flavelle, Bart., chairman of the board of directors; Sir John Aird, president; Sir Thomas White, former President of Finance, and E. R. Wood, who is also director of the Canada Life Assurance Company, Dominion Securities Corporation, together with Mr. Logan, general manager of the bank. The party is expected to reach Vancouver September 8.

Local hotels are anticipating an influx of visitors from the United States and Canada. With Monday a holiday in both countries a large number of visitors are expected in the city.

A number of Vancouver residents are registered at the Dominion Hotel, including Mr. and Mrs. D. Harold, F. J. Flahiff and Mr. and Mrs. F. Fog. Among the guests at the Dominion is a motor party from Glendale, California, including Mrs. S. Thomas, Roy Nicholas, Ray Shelton and Mrs. H. Nicholas.

## OVERNIGHT ENTRIES AT VANCOUVER

Vancouver, Sept. 2.—Overnight entries for the Big Game for Saturday, September 3:

First race—Six furlongs, claiming; purse \$500; for three-year-olds and up.

Slipper to Slipper 103  
Lady Spain 95  
Bee Somers 92  
Poultin, race—Mile and sixteenth; purse \$500; for three-year-olds and up; purse \$700.

## LORD HEWART SPEAKS OF UNION OF PRESS

Fairness of Papers Vital to Nation, He Tells U.S. Bar Association

Buffalo, N.Y., Sept. 2.—Newspapers that misrepresent "are a greater menace to a nation than treacherous communist propaganda," Baron Hewart of Bury, Lord Chief Justice of England, in an address before the American Bar Association here last night.

Lord Hewart was introduced by William Howard Taft, Chief Justice of the United States.

Lord Hewart's speech was on the subject of common law, but he went into references to communism and newspapers. He laid it down as a philosophical principle that the administration of justice was of greater importance to a people than anything else, asserting confidence in the administration of justice made people contented and happy.

**IMPARTIAL JUDGES**

"Where there are just laws, administered without fear or favor by incorruptible and impartial judges, there is not much cause for the people to break or revolution," Lord Hewart said.

"It is, you may think, principally for that reason that the treacherous propaganda of communism, so dangerous in many other countries, has little effect in the United States or Great Britain. It is beyond the imagination of any sane person that Americans or Englishmen would wish to change their free institutions for the ghastly tyranny by which the people of Russia are, after a fashion, ruled."

"Of newspapers, he said: "The Freedom of the Press" consists simply in the right which every person has to publish anything he pleases, so long as it is not libel. At common law, newspapers have no special privileges in the matter of publication, though by statute they are specially protected with reference to the publication of reports of proceedings in courts of justice and public meetings. Nor, on the other hand, have they any special obligations or liabilities. The right of freedom of speech is similarly the right to say anything, in public or private, which is not either seditious or blasphemous or defamatory of any person.

**ACCURATE INFORMATION**

"I should like very briefly to refer to a change which seems to have taken place in the character and the aims of much of the newspaper press. It goes without saying that if self-government is to be a real and a living thing, the citizens who share the responsibility of governing, that is to say, all the citizens, ought at least to have access to information upon public affairs which is both accurate and adequate."

"One of the instruments for that purpose is, or at any rate, ought to be, the newspaper press. You can not expect the right verdict from a jury if the evidence is not fairly and squarely laid before it. To put the matter in other way round: Is it not really a kind of treason against the political sovereignty deliberately to mislead the public either by the suppression of facts or by calculated suppression?"

**Champ Breath Holder**

Middleton, Conn., Sept. 2.—Here's a new freak championship—holding one's breath for fourteen minutes and two seconds. E. L. Gaylor Jr., senior at Wesleyan College, accomplished the feat before physicians recently. He gulped three large breaths of pure oxygen, and held the last one for a new record.

**TUNNEY GETS GREAT RECEPTION IN CHICAGO**

Thousands Greet Heavy-weight Champion on His Arrival For Big Fight

Chicago, Sept. 2.—The report given credence in some quarters that Gene Tunney is not a popular world's heavy-weight champion, got a routing denial here to-day when he swept into one of Chicago's greatest demonstrations.

Thousands of cheering men, women and children crowded the railway station and the streets for blocks about it when Tunney came in from his training camp at Speculator, N.Y., to complete his conditioning for his return match with Jack Dempsey here September 23. A brass band and a squad of police in full of formality to the station reception.

**GEHRIG DRIVES OUT TWO MORE HOMERS**

Ruth Also Hits One and is Pittsburgh Ahead of Gehrig; Pittsburgh Down St. Louis

Philadelphia, Sept. 2.—Lou Gehrig made a home run in each of the first two innings of the Yankee game with Athletics here to-day and now is only one behind Babe Ruth, who started the winning for the day by hitting his forty-fourth in the first frame. The next man up, Gehrig, made his forty-second and in the second slammed out No. 43, scoring Koenig ahead of him, after Ruth had hit a sacrifice fly, Walberg was pitching.

**F. Palmer Returns To England After Hudson Bay Trip**

Quebec, Sept. 2.—Frederick Palmer, British consulting engineer, who recently reported on terminals for the Hudson Bay Railway, favoring Churchill, sailed from here yesterday on the Canadian Pacific liner Empress of Australia for England.

While in Quebec he was a guest at the Chateau Laurier, where he occupied the Colonial Suite recently used by Premier Baldwin's party. Mr. Palmer stated he was favorably impressed with the future possibilities of Quebec as a port.

**Eighty Years To-Morrow Sir George Foster Full of Enthusiasm For Cause**

(Continued from page 1)

Getting away from the personal angle of the conversation on which he was reluctant to talk Sir George was eloquent when returned to the subject of world peace.

"I do not think there was ever a time since the war when the people of Canada have been so overwhelmed by the sense of peace and in the sympathy of the League of Nations for the abolition of war and the settlement of international disputes by way of methods practiced in the past," he said. "It was necessary for the people to get into their minds what the organization was and how it proposed to work and what where its practical prospects for success. These processes have been going on and the active sympathy of the people has increased. Public bodies of all kinds have shown their goodwill and appreciation and have been almost unanimous in approving of the work of the League."

**PRESS SYMPATHETIC**

"The newspaper press, though inclined at first to be more than conservative and critical, has become not only well disposed to give publicity to the aim and work of the league, but is now in most cases giving support to it in their editorial columns and has done most excellent service in that respect."

"Educational authorities in the different provinces have also shown their sympathy and practical co-operation in making provision for instruction in the schools and teaching the history and objects of the league in most of the provinces. It goes without saying that the various religious denominations are in full sympathy and largely co-operate in the work of the league. What has been said of Canada is also true

## KEEN DEMAND FOR PRAIRIE HARVESTERS

Men Arriving on Plains Find Farmers Need Many Workers

Winnipeg, Sept. 2.—Harvest workers from Eastern Canada reaching Winnipeg in thousands for distribution in the three prairie provinces have encountered a keen demand for their services.

With cutting in full swing, agents from Alberta and Saskatchewan have established temporary offices here and are arranging for the services of more than 20,000. Saskatchewan has absorbed about 12,000 of the harvesters who have arrived. Only a few hundred workers have been placed with Manitoba farmers.

During the last twenty-four hours the two railroad companies have handled approximately 11,000 harvesters, mostly from points in Ontario.

### ITALIAN APPOINTMENTS

Rome, Sept. 2.—Premier Mussolini's oft-repeated desire to have all important government posts filled by tried and trusted Fascists has been carried further towards realization. Seven black shirt veterans have been appointed prefects as part of a general shake-up involving twenty-six provinces. Twelve prefects have been transferred. Of the fourteen new appointments, seven were taken from outside the provincial administrative ranks because of their merits in the Fascist party's cause.

She Says:

**"I AM THIN"**  
Her Friends Say:  
**"She is Skinny"**

One Very Thin Woman Gained Ten Pounds in Twenty-two Days

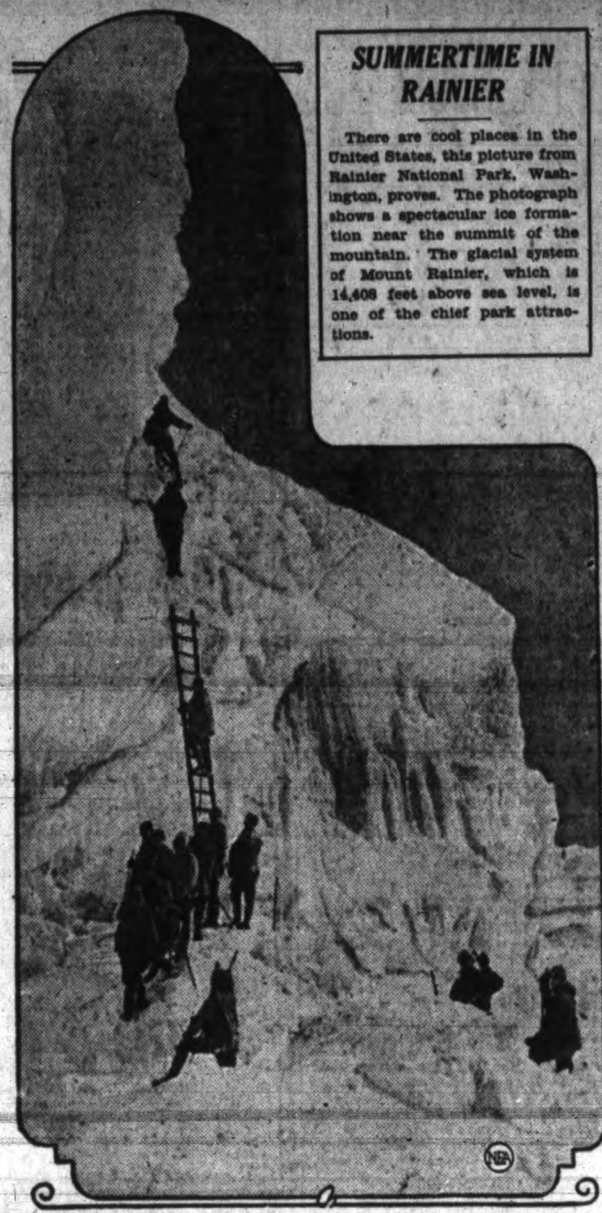

If she only knew that she could put on at least five pounds of good, healthy flesh in thirty days she wouldn't be worrying about her peaked face, hollow chest and run-down looks.

All of these conditions rob you of attractiveness and make you look old. But worst of all, these may actually be the symptoms of simple anemia—that dread ailment so often suffered by women.

There's nothing so good as the vitamins of cod liver extract put up in the new-fashioned, pleasant-to-take form known as McCoy's Cod Liver Extract Tablets to put on firm flesh, round out face and figure and build up rich, red blood. McCoy's contains the same kind of vitamins which doctors say you must have to attain proper weight, strength and energy.

One woman gained ten pounds in twenty-two days. Sixty tablets 60 cents. Ask MacFarlane Drug Co., Vancouver Drug Co., Owl Drug Co., or any drug store for McCoy's Cod Liver Extract Tablets and if you don't gain at least five pounds in thirty days your money back. Demand, McCoy's, the original.

(Adv.)

### SUMMERTIME IN RAINIER

There are cool places in the United States, this picture from Rainier National Park, Washington, proves. The photograph shows a spectacular ice formation near the summit of the mountain. The glacial system of Mount Rainier, which is 14,408 feet above sea level, is one of the chief park attractions.

### I. KIRKWOOD FUNERAL HELD IN KANSAS CITY

Kansas City, Sept. 2.—Kansas City paused for a moment at 2:30 o'clock yesterday afternoon to pay its last respects to Irvin Kirkwood, late editor of The Kansas City Star and the last member of the William Rockhill Nelson family that for nearly a half century has controlled the Star and had a dominant influence in the rebuilding of the city.

Flags were at half mast, all street cars and busses paused briefly, city employees ceased work for two minutes, the great process of The Star were silent and thousands of people gathered at Oak Hall, family home of the Nelsons, where the last rites were said. Mr. Kirkwood died unexpectedly early Monday morning at Saratoga Springs, N.Y., where he had gone on business.

### New Kootenay Power Plans Are Discussed

Boise, Ida., Sept. 2.—Progress has been made toward agreement with Canada on the proposed hydro-electric developments along the Kootenay River. George N. Carter, Idaho state commissioner of reclamation, announced upon his return here from a trip to northern Idaho, Montana and British Columbia.

The trip was concerned with the Columbia Basin project and with the power project, which involves flood control of the Kootenay River.

Commissioner Carter reported an agreement with the Columbia River Allocation Board by which the United States Congress will be asked for \$250,000 appropriation for further survey of the Columbia drainage basin.

Power company interests were disposed to agree to Idaho's insistence that the West Kootenay Power and Light Company be prepared to pay the cost of extra pumping in the Kootenay Valley flood control, as entailed in the power dam on the Kootenay River, Mr. Carter said.

Engineers were to prepare estimates of possible danger, he stated, and all findings were to be submitted to an international joint commission, which would be charged with the negotiation of all agreements between the Canadian and United States interests.

### Capilano Young Man Ended Life

North Vancouver, Sept. 2.—Henry Prendergast, twenty-six, son of Mr. and Mrs. Henry Prendergast, Lloyd Avenue, Capilano, died in an ambulance today en route to a hospital after he had apparently thrown himself through the head. His mother found him lying in his room after she had been alarmed by the sound of the shot. She called medical assistance, but the young man died before a hospital could be reached.

Prendergast was a trapper and logger. He had been ill for some weeks with rheumatic fever. He was born in Scotland, but had resided in North Vancouver for some time.

An inquest will be held next Monday.

### Big Loan to be Raised in Ireland

Waterford, Ireland, Sept. 2.—William Cosgrave, president of the Irish Free State Cabinet, declared here last night that the projected \$50,000,000 loan would be raised in Ireland.

### VANCOUVER ARRESTS

Vancouver, Sept. 2.—Arrests numbering 230 were made by the morality, narcotic and gambling squads of the Vancouver city police during the month of August, according to records. Thirty-two keepers of disorderly houses faced the court, with seventy-four persons said to have been in the premises operated by the accused keepers, while eleven men fell into the hands of the narcotic dry squad, two being charged with having narcotic in possession and three with smoking opium. Twenty-four gambling houses were raided, 100 inmates being arrested.

### NEWSPAPER CHANGE

Portland, Ore., Sept. 2.—C. H. Brockhagen was elected president and publisher of The Portland Telegram yesterday. Mr. Brockhagen, who is part owner of The Sacramento Union of Sacramento, Cal., took charge of the newspaper yesterday.

Everybody going Travelers' Frolic, September 18.

### I-ON-A-CO—the Magnetic Health Belt—Has Brought Relief to Many in Victoria

Testimonials from people who live at a distance are never so convincing as those from people who live in your own community. That is why we are always glad to refer you to Victoria residents who have tried the I-ON-A-CO Belt and found that it has helped them tremendously. Perhaps you know some of these people.

My father-in-law suffered from neuritis for two or three years. From the very first day he used the belt he has had no recurrence of his trouble.

A. H. PEASE, Hamsterley Lakeview.

I was brought here from the East to see if the climate would save my life. I had been sick for fourteen years and was not expected to live till Spring. Today I consider myself perfectly normal and have not had an ache or pain since I took my first treatment.

MARY J. HULL, 1710 Richmond Ave.

Test It FREE. Wear it over your clothes without bother or discomfort. COME IN TO-DAY

## Pick Island Bowlers To Compete Against Britain and Ontario

Nanaimo and Duncan to Send Men Here to Help Victoria on Thursday

## Two Good Matches Are Expected; Vancouver Bowlers Win by Three Points

When the British Bowlers assemble on the green of the Burnside Bowling Club on Thursday afternoon next they will be assured of a very interesting match with the pick bowlers of Vancouver Island. In the morning the visitors will play seven picked rinks from the Victoria Lawn Bowling Club at the Beacon Hill rinks and after luncheon and a drive will tackle the best men on the island.

The Burnside Club has announced the seven rinks which will face the Britishers and also the two rinks which will engage the Ontario bowlers, who are accompanying the Old Countrymen.

The rinks selected are as follows:

**AGAINST BRITAIN**  
R. K. Smart, O. Dixon, R. Wilson, D. Boreland (skip).  
P. J. Byng, J. F. Hibben, F. Moules, J. N. Johnston (skip).  
J. Belanger, W. Byrd, C. O. Van Camp, W. Wood (skip).  
P. Johnston, P. Washington, C. A. Goodwin, J. Rutherford (skip).  
C. Jenkins, J. C. White, J. Patrick, D. G. Robertson (skip).  
A. Finlay, A. Edwards, W. Tupman, A. Stewart (skip).  
P. Campbell, A. J. Wilson, G. Cunningham, R. Dowdell (skip).

**AGAINST ONTARIO**

H. J. Kidd, A. A. Pass, J. Mercer, G. Vallance (skip).  
C. Halliday, A. Hallam, E. Meadows, P. Handley (skip).  
Reserves—A. Read, W. Dealy, A. Arnp, and D. Vallance (skip).  
Vancouver, Sept. 2.—Commencing a visit which will undoubtedly give lawn bowling the greatest boost since the inception of the game in British Columbia, the party of British international players arrived in Vancouver yesterday morning for a stay of ten days in the Province, during which they will play a series of matches with B.C. rinks.

Their first match against seven Vancouver and associated rinks ended in a victory for the coast players by the narrow margin of three shots, the final scores being 144 to 141. Two Ontario rinks, at the same time, handily defeated two Vancouver club fours by a margin of 9 shots.

The victory was greatly due to a wonderful shot with his last wood by Skip Andrew Leslie, who, with the opposition rink lying four, took away the kitty with his last bowl and gave his rink two shots.

The scores of the visiting rinks mentioned first in each case, were as follows:  
Wright 21, Steel (C.P.R.) 26.  
Thompson 14, Young (Vancouver) 21.  
Wade 23, Carson (Marpole) 15.  
Smith 28, Leslie (Vancouver) 26.  
Perguson 24, Frank (Vancouver) 5.  
Lawson 19, Kirkham (Ladner) 7.  
Jameson 14, Moore (Vancouver) 24.  
Total British 141; total Vancouver 144.

Two Ontario rinks defeated two Vancouver club rinks by nine shots.

To-morrow seven British rinks and two Ontario rinks play Vancouver bowlers.

## Garrison Must Stop Incogs To Stick In Running For Title

## Cricket Teams Meet To-morrow In Important Match; Intercity Game Monday

To-morrow's matches in the Victoria and Districts Cricket League will have considerable to do with the disposition of the Virtue Cup, emblematic of the city championship, this year. The Incogs, last year's winners, are at present leading the league, and if they defeat the Garrison-to-morrow they can count pretty well on retaining the honors.

At the present time the Incogs hold a three-game lead on the Garrison, who have, however, two games in hand. A reverse for the Garrison to-morrow would throw them out of the running, and make it almost certain of the Incogs getting home a winner.

## EXPECT HARD MATCH

The Albions, who are in second place one game behind the Incogs, have a hard match on their hands to-morrow. The Five O's will oppose them, and a lively match is expected. The Five O's have no chance of winning the championship, but they have opportunities to upset some of the clubs in the running.

The other match to-morrow is between Victoria and Cowichan, but both clubs are out of the running.

The matches to-morrow will be as follows:

Garrison vs. Incogs at Work Point.  
Five O's vs. Albions at Beacon Hill.  
Cowichan vs. Victoria at the Jubilee grounds. All matches will start at 2:30 o'clock.

## INTER-CITY GAME

The Vancouver representative team will be here on Monday for an all-day match with the pick of Victoria. The match promises to be very interesting and, although there will be nothing at stake, the competition is expected to prove very keen.

## TOOK DEFEAT HARD

MRS. LOTTIE SCHOENMELL.

Toronto, Sept. 2.—None of the swimmers took defeat in Wednesday's marathon harder than Mrs. Lottie Schoenmell of Lake George, N.Y., veteran long-distance swimmer.

After about sixteen hours in the water the chill made her wily up, lying in the rear seat of a taxi, a dark blanket covering her famous greasy bathing suit, she cried: "Don't bother about me, I am just a quitter. I quit."

Clara Barratt, of Pelham, N.Y., who also had to give up, wired her mother at home as follows: "Feeling fine. Too cold to finish."

"I want to sleep," wrote Georges Michet's first words when he was laid in a cot at the base hospital shortly after one o'clock yesterday morning after finishing second.

## Lancashire County Cricket Champions For Second Season

## Glamorgan Win Only Match of Year and Rob Nottingham of English Title

London, Sept. 2 (Canadian Press).—By defeating Nottingham in a sensational match to-day Glamorgan robbed the former County of the English title, and the latter of the championship. The only game Glamorgan has won this year. The championship goes to Lancashire, which won this honor last year.

London, Sept. 2.—A splendid stand by Hendren of Middlesex, and Hammond of Gloucestershire, marked the first innings of the Players against the Gentlemen in their cricket match at Folkestone yesterday. Hendren scored 103 and Hammond 138. They mastered help in enabling the Players to score the tremendous total of 561 for six wickets, the total of the professionals when stumps were drawn for the day. The Gentlemen scored 281 in the first innings yesterday. Closing scores yesterday in other cricket matches were:

Sussex vs. Essex at Brighton—Sussex, 317; Essex, 411 (Russell, 110; Franklin, 60, not out); Sussex, 16 for three wickets.  
Kent vs. New Zealand, 293; Kent, 217 for six wickets (Woolley, 110, not out).  
Yorkshire vs. the M.C.C. at Scarborough—M.C.C., 199; Yorkshire, 222 (Clay, four wickets for 33).  
Glamorgan vs. Nottinghamshire, at Swansea—Nottinghamshire, 233; Glamorgan, 278 (Richmond, five wickets for 102); Nottinghamshire, 23 for two wickets.

## Whitcombe is Leader With 139 in English Golf Championship

London, Sept. 2.—The southern section's thirty-six-hole qualifying competition in The News of the World £1,040 tournament, was productive of brilliant golf. A large number of players are entered. In the tournament which is being played over the old Ford Manor course at Barnet.

Ernest Whitcombe, after equalling the course record of 71, smashed it by three strokes in the second round and leads the field at the conclusion of the qualifying rounds with an aggregate of 139.

Other leading scores are: Wooler, of Hollingbury, 72-71-143. J. Brand, 71-72-143.  
Oke, of Fulwell, 74-70-144.  
Charles Whitcombe, 74-70-144.  
Oston, of Langtry Park, 74-72-146.  
Lacey, Leighton Buzzard, 73-73-146.  
T. Ray, 73-73-146.  
Jack Smith, of Wentworth, 73-71-146.  
G. Duncan, 74-74-149.  
J. C. Ockenden, 76-72-149.  
Robson, of Goodenbeach, 73-76-149.  
Herd, of Moorpark, 76-74-149.  
Jolly, of Fox Grove, 77-73-150.  
Havers, with an aggregate of 151, and J. H. Taylor, with 156, were the most prominent golfers to fall.

## Cubs Are On Toboggan Pirates In Lead And Giants Close To Top

Race in National League Has Fans All Upset; Chicago at Last Lose Lead

## Hard to Pick Winner, But Many Fancy Giants' Chances; Pirates Better Now

New York, Sept. 2.—Pennantville used to look like "just around the corner" for Chicago's Cubs, but to-day's shuffle finds some one hanging out plenty of detour signs on the National League home stretch.

The Pittsburgh Pirates wrested first place from the Bruins after a stubborn battle in Pittsburgh yesterday, Chicago going down by 4-3 as the Corsairs assumed the supremacy.

Lee Meadows put the skids under the Cubs by keeping nine hits well distributed and had 25,000 excited fans on edge in the ninth by retiring his opponents after a run was in, two on bases and one out. Carlson, one of the leading members of the Cubs' pitching staff, was the loser.

Joe Harris was the big noise of the Pirates' attack with a home run and a double. His sacrifice fly sent Grant-ham across with the deciding run in the eighth.

## CUBS ON TOBOGGAN

Several days ago the Chicago Cubs had a lead of five and one-half games. Now the championship has the appearance of a mirage. Not that the Cubs are through by any means, but the dopests, picking favorites, point out that Chicago is on the toboggan, as it is evidenced in the wasting away of the one-time big advantage. On the other hand, Chicago is considered as having a shade by finishing up on the home diamond, but on that basis the Pirates and Cardinals are benefited as well.

The Cardinals and Giants were idle yesterday while rain washed out Brooklyn's game at Boston.

The Phillies and Cincinnati Reds were without schedule.

As for the Giants they are only two games from the top and have back of them a winning streak of seven straight games, won from western opposition. While sectional strife is in order for the next few days, the Giants are in hopes of continuing their triumphant march on the eastern front as the western contenders feed off another, thereby enabling the McGraw men to gallop out in front on their coming invasion.

## DETROIT WIN AT LAST

The Detroit Tigers shook off the jinx tagging on their heels through six straight games and subdued the Browns, 6-4 yesterday in the American League. Cleveland topped the White Sox 5-3. Summa sent a homer with a man on base for the Indians.

## NATIONAL LEAGUE

At Pittsburgh—R. H. E.

Jersey City 10-2, Buffalo 8-6.  
Newark 3-0, Toronto 1-1.  
Baltimore 6-1, Syracuse 3-3.

## Fraser Mills Get To Gray and Pound Over a 7-3 Victory

Vancouver, Sept. 2.—Solving Dave Gray's delivery for solid base clubs and playing a possible defensive game, Fraser Mills pulled even with Burnaby in the Senior A playoff series here last night by winning the second official encounter, 7 to 3. The millmen broke out in a rash in two frames, the first and the fifth, when they did all their tallying.

President Joe Baker announced that the teams will meet again Friday evening and the fourth game will be played Saturday afternoon. Rowland meets the winner Monday.

## SOFTBALL

Playing in the semi-finals of the Federal Knockout Cup series of the Softball League, the Hudson's Bay and Y.M.C.A. teams will meet to-night at the Central Park, starting at 6-15 o'clock, weather permitting.

The winner of this game will meet the Foresters next Tuesday evening in the final game.

## BEST JUNIORS IN THE WORLD

On the left is Betty Nethall of England and on the right Helen Jacobs of California, who rank as the two finest junior tennis players in the world. Betty is only sixteen years of age, while Helen is three years her senior. Nevertheless, Betty is the best of the two and recently defeated Helen in the East. Betty promises to become the greatest women tennis player the world has ever known. All she requires is a little more experience.

## BARRY SHOWS FINE FORM IN HIS LAST SPIN; RACE MONDAY

Vancouver, Sept. 2.—Bert Barry, challenger for the world's singles sculling championship, who meets the present titleholder, Major Goodsell, has had his last spin before the race. He lost, he stated yesterday, but Goodsell, when the same question was put to him replied: "It all depends on how I feel."

Both men had good runs Thursday and appeared confident and fit.

Barry rowed down the course easily but on the way backed showed signs of fatigue. He lost to Major Goodsell, who was very fresh. Both men had good runs Thursday and appeared confident and fit.

Goodsell paddled strongly up the course from his training camp at Port Moody to the two and a half-mile mark. He did not extend himself and was slipping along very fast. He has completely reached his sprinting form and brought the stroke up to thirty-two easily at the finish.

## First International Polo Match Postponed Five Days Due to Rain

New York, Sept. 2.—Due to the rain-soaked field, the first of the international polo matches between the British club and the United States quartets on the card for next Monday at Meadowbrook has been postponed to Saturday, September 10.

## Intercity Cricket Match For Holiday Has Been Cancelled

Owing to the fact that the Vancouver Wednesday League will be unable to send a team over to Victoria on Labor Day the cricket match scheduled at Beacon Hill between two picked elevens from the Victoria and Vancouver Wednesday Leagues has been cancelled.

## Footballists Still Little "Green" So Far In Old Country

London, Sept. 2 (Canadian Press Cable).—The soccer football season is now well under way, most of the clubs of the various divisions having, in the course of the current week, completed at least two games. At the same time, however, the brand of football served up has been somewhat "green," and it will be a week or two yet before the players hit their proper stride.

## Two Defeats by Huddersfield Considered Amazing; To-morrow's Matches

Manchester United at Birmingham; Blackburn Rovers at Bolton. Bury at Burnley. Sunderland at Leicester. Aston Villa at Liverpool. Everton at Middlesbrough. Derby County at Portsmouth. Cardiff City at The Wednesday.

## Footballists Still Little "Green" So Far In Old Country

Teams Playing Indifferently and Have Not Yet Settled in Stride

## Two Defeats by Huddersfield Considered Amazing; To-morrow's Matches

London, Sept. 2 (Canadian Press Cable).—The soccer football season is now well under way, most of the clubs of the various divisions having, in the course of the current week, completed at least two games. At the same time, however, the brand of football served up has been somewhat "green," and it will be a week or two yet before the players hit their proper stride.

The metropolitan teams of the First Division have begun indifferently, each one having a victory and a defeat chalked up to it, the least interesting feature of this is the defeat suffered by the Spurs at the hands of Middlesbrough on Wednesday. Coming on the heels of Middlesbrough's bad handling from Manchester United at Old Trafford last Saturday, it spoke somewhat doubtfully for the Spurs' present condition.

## WEST HAM IN AND OUT

Westham have not opened brilliantly. They subdued Derby County away from home on Saturday, but at Upton Park on Thursday the Hammers were roughly treated by Sunderland.

An amusing circumstance is the two defeats in a row that have been suffered by the former champions, Huddersfield. Upon Saturday the Yorkshire Club came to London and play West Ham, and their form will be closely watched. Arsenal also are playing on their own ground, being hosts to Sheffield United, while Tottenham Hotspurs play the League champions, Newcastle United, on the Tyneside.

Other scheduled games for to-morrow are as follows: Manchester United at Birmingham; Blackburn Rovers at Bolton. Bury at Burnley. Sunderland at Leicester. Aston Villa at Liverpool. Everton at Middlesbrough. Derby County at Portsmouth. Cardiff City at The Wednesday.

## WIFE AND SON KEPT ERICKSON GOING TO WIN THIRD PLACE

Toronto, Sept. 2.—"I felt like quitting twice, quitting cold, because that's just how I felt—cold, cold, cold," said the champion of the world, Ernest Erickson, who won the third place in the Lake Ontario marathon swim, in a statement made yesterday.

It was mental state that beat Young, and added: "All I can say just now is that we intend to keep on in training."

## HORSE RACING

Vancouver, Sept. 2.—Heatherage, two-year-old chestnut colt owned by Mrs. C. C. Emmert and ridden by Greenwood, won the Marcus Handicap leading event on yesterday's card at Brighouse Park. Mammy's Boy was second and Genessee Bell third.

Heatherage had plenty to spare at the end, winning by a good three and a half lengths.

Felicitous was a surprise in the second when he came place to Dorothy Drew and rewarded backers with \$29.85 for that shot and \$12.85 show.

The results were:  
First race—Claiming purse \$500, three-year-olds and up, five furlongs—1, Kentile, \$4.65, \$2.85, \$2.80; 2, Volley, \$2.75, \$2.50; 3, Ace of Clubs, \$3.70, Time, 1:02.  
Also ran—Radiant Light, Mary Phenix, Stamp, Peg C.

Second race—Claiming purse \$500, three-year-olds and up, five furlongs—1, Dorothy Drew, \$20.45, \$10.20, \$6.10; 2, Felicitous, \$29.85, \$12.85; 3, Conroy, \$5.25, Time, 1:03 1-5.  
Also ran—Blue aia, My Friend Pat, Vic Munro, Irish Juv, Little Rose, Dangerous Dan, Star Whim, Gas Welch.

Third race—Claiming purse \$500, three-year-olds and up, six furlongs—1, Amazon Maid, \$6.05, \$3.55, \$3; 2, Ml Amigo, \$6.20, \$4.45; 3, Jago, \$3.30, Time, 1:15 3-5.  
Also ran—Henry J, Shadow Spar, Virginia Morse.

Fourth race—Claiming purse \$600, four-year-olds and up, one mile and one-sixteenth—1, Cleo's Rochester, \$5.25, \$3.50, \$2.50; 2, Sator Donah, \$5.00, \$2.40; 3, Fast Boy, \$2.45, Time, 1:51 4-5.  
Also ran—Kitty Lou, Jennie Ward, Al Wick.

Fifth race—Purse \$700, Marcus Handicap, two-year-olds, five and one-half furlongs—1, Heatherage, \$11.80, \$4.20, \$3.70; 2, Mammy's Boy, \$4.25; 3, Genessee Bell, \$5.75, Time, 1:03 4-5.  
Also ran—Heatherage, B. Parton.

Sixth race—Claiming purse \$600, three-year-olds and up, six furlongs—1, Singposts, \$3.30, \$3.10, \$2.55; 2, Miss Feyer, \$11.50, \$4.45; 3, Miss Oswald, \$4.95, Time, 1:15 3-5.  
Also ran—Southern Gentleman, Lustrous, Evening Star, Miss, Mountain, Falls of Afton.

Seventh race—Heatherage, B. Parton, three-year-olds and up, one mile and one-half furlongs—1, Pat Mahrey, \$4.65, \$3.20, \$2.15; 2, The Chamberlain, \$5.75, \$2.50; 3, Halvern, \$2.20, Time, 1:48 4-5.  
Also ran—Touss Cross, Peter Piercen, Piedra, Lawn Mower.

## New York, Sept. 2.—Baseball

rope cannot jump over any fence, rattling or rope marking the limits of the playing field, in order to catch the ball," according to new rules and instructions issued by John A. Heydler, president of the National League by his umpires, and made public to-day.

## A COMING STAR

ANDY LITTLEJOHN

Another of the Vancouver riders who will compete in the bicycle races here on Labor Day will be Andy Littlejohn, who, although only a youngster, has many trophies already to his credit. Andy has style as well as speed and is one of the most pleasing riders to watch in Vancouver. He comes from a family of riders, while his two younger brothers are "comers" in the sport.

## YOUNG WILL NOT ACCEPT CHALLENGE OF HUN SWIMMER

Toronto, Sept. 2.—Following yesterday's declaration of Ernest Erickson, winner of this week's Lake Ontario marathon swim, that he was ready to meet all comers, including George Young, conqueror of the Catalina Channel, Henry Verkoetter, trainer and manager of Young, said the Toronto youth had no intention of challenging Verkoetter to another swim.

It was mental state that beat Young, and added: "All I can say just now is that we intend to keep on in training."

Toronto, Sept. 2.—As champion swimmer of the world, Ernest Verkoetter, winner of this week's Lake Ontario marathon swim, is ready to meet all comers. This statement was made yesterday on behalf of the hunter by his manager, Armand Vincent of Montreal.

The Montrealer declared that if George Young, conqueror of the Catalina Channel, wanted to challenge Verkoetter at any distance from one mile to twenty-one, it would be accepted.

Yesterday Verkoetter showed no signs of the tremendous physical ordeal he endured.

The German's party have not made definite plans for the immediate future, but they expect to sign motion picture and theatrical contracts which will take Verkoetter over Canada and the United States.

## Uplands Membership Shows Fine Increase During Twelve Months

## Club in Good Financial Shape; Executive Committee is Elected for Year

According to reports read at the annual meeting of the Uplands Golf Club last night at the Spratt-Shaw School the club has a membership now of 490. This number is just twenty-five more than was on the roll last year and includes the following: Men, active 250, absent 18, non-playing 3, life 4, honorary 3, secretary 1, juniors 38; total 348. Ladies, active 124, absent 14, non-playing 1, juniors 8; total 147. It is expected that the full membership will soon be reached. Many applications are now in the hands of the secretary.

The report of the finance committee showed a net profit for the year of \$2,673.23, after making deductions for depreciation. Considerable new work was done on the club during the year including the construction of a parking area, toolshed and many other odd jobs.

Subscriptions paid during the year totaled \$18,918.15, an increase of \$1,250.15, while green fees totaled \$7,000, an increase of \$170.

The following committee was elected: Capt. A. M. Boyd, D. W. Campbell, Robert Durr, B. J. Hall, D. A. Macdonald, C. Morrison, J. Savient, J. B. Shaw, Andrew Sherratt and Allan Gray Sr. The committee will hold a meeting next Thursday night to select their officers.

An organization meeting of Rennie & Taylor's Wednesday football club will be held to-morrow at 8:30 p.m. at the residence of Jack Maxwell, 2527 Aqueduct Street. All last year's players and any others interested are asked to attend.

## Southpaws Battle In Opening Round Of Golf Tourney

Several very good matches should be seen in the first round of the city golf championship at the Uplands Golf Club on Saturday. Although the draw, which was completed last night when the six players tied for first place in the championship flight played off, resulted in a number of weak and strong players being paired, several stars highly touted to go a long way in the championship are bound to pass out in the first round.

One of the most interesting matches will be between two southpaws, Jack Matson of the Victoria Golf Club, and A. Y. Price of the Uplands Club, both of whom have held the crowns of their respective clubs.

The draw also brings together Art Beasley of Victoria, the defending champion, and Harold Lineham, runner-up for the Colwood club championship of the past two years.

It is possible that some of the players, whose records are not impressive, may arise and surprise some of the low handicap men, but the favorites are called to win in all cases where they are not paired against one another.

The sixteen players defeated in the championship flight will form the first flight, and will play their first round in the afternoon. The second round of the championship flight will be played in the afternoon, with the third round and semi-finals on Friday. The finals will be played on September 7.

The draw for the first round is as follows:

## Southpaws Battle In Opening Round Of Golf Tourney

Price and Matson, Favorites For Title, Find Themselves Together in Draw

## Lineham and Beasley, Defending Champion, Will Have Great Match at Uplands

Several very good matches should be seen in the first round of the city golf championship at the Uplands Golf Club on Saturday. Although the draw, which was completed last night when the six players tied for first place in the championship flight played off, resulted in a number of weak and strong players being paired, several stars highly touted to go a long way in the championship are bound to pass out in the first round.

One of the most interesting matches will be between two southpaws, Jack Matson of the Victoria Golf Club, and A. Y. Price of the Uplands Club, both of whom have held the crowns of their respective clubs.

The draw also brings together Art Beasley of Victoria, the defending champion, and Harold Lineham, runner-up for the Colwood club championship of the past two years.

## UNKNOWN MAY ARISE

It is possible that some of the players, whose records are not impressive, may arise and surprise some of the low handicap men, but the favorites are called to win in all cases where they are not paired against one another.

The sixteen players defeated in the championship flight will form the first flight, and will play their first round in the afternoon. The second round of the championship flight will be played in the afternoon, with the third round and semi-finals on Friday. The finals will be played on September 7.

## CHAMPIONSHIP FLIGHT

8:30—R. Morrison vs. L. Glanin.  
8:35—R. Scott-Moncrieff vs. H. O. English.  
8:40—J. R. Matson vs. A. V. Price.  
8:45—A. Beasley vs. N. Thompson.  
8

## BLACKHEADS?

You needn't put up with these skin blemishes. Get yourself a pink package of RADOX BATH SALTS, dissolve a teaspoonful in good hot water, and dab the affected parts of your face with this solution. After a few moments, wipe your face dry—and the blackheads are gone. Finish up with a light application of cold cream. No painful squeezing or fuss. Test RADOX to-night, 60c, at your druggist's.

## WON THE DECISION

New York, Sept. 2.—Clyde Hull, young welterweight from Clark, S.D., won a decision over George (Kid) Lee, Worcester, Mass., in a ten-round bout at Madison Square Garden last night. For the last two and a half minutes of the fight Hull had Lee on the ropes and blasted away with both hands but with little effect. Hull weighed 143½ and Lee six pounds more.

## Shopkeepers Help Police To Become Better on the Draw

Vancouver Police Will See That Spectators Do Not Get Hit in Duels

Vancouver, Sept. 2.—Since its inception in February, 1926, the British Columbia Police Revolver Association has done much to perfect the members of the various police forces in the Province in the use of this weapon.

Three months after it was formed, the association held its first annual competition, and on Wednesday, September 14, it is proposed to stage the second of these events at the Royal Canadian Mounted Police Barracks.

outdoor range, when a number of prizes for the best marksmen will be presented.

Keen interest is being shown in the competition by the members of various forces, the C.P.R. police, city police, provincial police and the R.C.M.P., vying closely in their efforts to land the grand aggregate for marksmanship.

LOOK OUT, MR. FELON! The aim of the association is to make the members of the various departments a little quicker "on the draw" than the average felon who carries a gun, and a little surer in aim, so that the innocent bystander who may be the unwilling witness of a pistol duel between a representative of the law and a criminal, may at least be in less danger of stray bullets, and the officer able to end the fight quickly by a well-placed shot.

A number of local storekeepers and others have donated prizes to be shot for at the competition on September 14, and it is anticipated that others are forthcoming, in order to encourage the men who, often at their own expense, it is said, are endeavoring to perfect themselves in the use of their weapons.

Biggest time of the season, Travelers' Picnic, September 15.

## Highland Gathering in the Canadian Rockies

1. Regimental Piper 2. Scots in Canada—painting of Sir George Blomfield on ceremonial inspection of Hudson Bay Co's posts in 1805 by Capt. J. D. Thompson, one of the artists.

One of the first subjects concerning Canadian events of late that the Right Hon. Stanley Baldwin touched on after his arrival in Canada recently was the Canadian Folk Song and Handicraft Festival held at the Chateau Frontenac last May. Premier Baldwin observed that such a festival was invaluable in preserving and reviving the old-time customs, songs and handicrafts, indigenous to Canadian life and particularly the province of Quebec. On the heels of this musical success comes the announcement that a Scottish Gathering and Song Festival is about to take place at Banff, September 3 to 5. Scottish communities are looking forward with keen interest to the coming festival to which the Prince of Wales has given his patronage.

Scots in Canada played a memorable part in the development of the country, their names having prominence in many historic engineering, fur trading and exploration enterprises—such men as Fraser, MacKenzie, Thompson and many others in the past generations who have penetrated the mountains of the west. Here in these same mountains, unrivaled in the world for beauty, the Scottish Gathering and Festival will be held. Activities will centre around the Banff Springs Hotel that stands on the side of Sulphur

mountain commanding a "million dollar" view of the Bow Valley. The historic character of the Scots has been carried down from generation to generation in his music. The lyrics and ballads that are sung with never-tiring enthusiasm will be heard to advantage at the coming festival.

The singers themselves will be good Scots of no mean artistry. J. Campbell McInnes is a Highlander, now settled in Toronto, who is a recognized master in the interpretation of the old ballads. His rendering of "The Two Sisters of Biorrie" is one of the great things in the history of song. Jeanne Dussau, although her name is French by marriage, won her first success on the concert stage under her maiden name of Ruth Thom and hails originally from North-east Scotland. Davidson Thomson first saw the light in Perth and now directs the famous Grace Church Choir in Winnipeg, triumphant shield-winner at many Western Festivals. He himself has shone as a star at many festivals in the United States as well as Canada. Ruth Matheson is a young contralto of Winnipeg who is winning recognition far outside her native city for her interpretation of Scottish songs. She comes of the stock of the Kildonan settlers. Norman Cameron is a

Hebridean who sings the Gaelic with a Gaelic tenor—none sweeter. And with him are Hebridean folk-singers who sing with indescribable charm the exquisite songs of those Western Islands. The Canadian Pacific Choral Male Voice Choir will give choral renderings of well-known Scotch songs.

With the dances—the Highland Fling—the Seann Truibhas—the Sword Dance—the Reel—and with Marches gone or course the music of the bagpipes, not forgetting the pibroch, otherwise spelt as pibroch, of which not so many are masters. It is to the Highland Regiments that we owe the chief credit of keeping alive this stirring music, the sound of which stirs the blood as no other music can. By courtesy of the Canadian Minister of Militia each of the seventeen Highland Regiments in Canada will have the opportunity of being represented by its best Highland regiments. In an endeavor to secure a beautiful trophy offered by E. W. Beatty, Chairman and President of the Canadian Pacific Railway, through whose interest and generosity the organization of this Highland Gathering at Banff has been made possible.

Scottish games and contests of all kinds will be a feature of the three-day gathering.

## CHILDREN CRY FOR

**Fletcher's CASTORIA**

MOTHER—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

## YOJIN MARU WILL TAKE LUMBER HERE

Japanese Vessel to Arrive Next Week; Atlantic City For Port Alberni

To load 550,000 feet of lumber the Japanese freighter Yojin Maru will arrive here September 9, according to word received by King Bros., local custom brokers and shipping agents. The Yojin is to load for Japan and will take 500,000 feet of large squares and 50,000 feet of baby squares.

King Bros. also report the St. Atlantic City due at Port Alberni to-morrow morning.

The Victoria City Football Club will hold a practice to-morrow afternoon at Beacon Hill at 3 o'clock. All members of the club are asked to meet at the Victoria City club rooms, at 230 o'clock.

## HORSE RACING

Syracuse, N.Y., Sept. 2.—Quess Work and Sam Williams shared chief honors of the Grand Circuit programme at the New York state fair yesterday. Quess Work won the \$10,000 Chamber of Commerce pacing purse in straight heats and Sam Williams duplicated the feat in the \$1,000 Empire State Trotting Stake.

Quess Work set a new record for himself, tied the record for the event and turned in the fastest pair of miles ever recorded in the big pace stake. She wheeled the first heat in 2:03½ and the second in 2:02½, but each time had to fight off the challenge of four rivals in the stretch.

Sam Williams made easy work of the Empire, winning without apparent exertion first in 2:04½ and next in 2:03½.

The fastest half-mile of the meeting was turned in by Cox's Hamleton in winning the second heat of the 2:05 trot. Hamleton was clocked in 59½ for the second half. Cox's gelding also took the third heat and race.

Ancient Egypt's sacred lotus was in reality a water lily.

## MISSING SINCE DEPARTURE FROM GEORGIA

Thus far the searches carried on in South America have led to the finding of no trace of Paul Redfern and his monoplane Port of Brunswick, in which he left Brunswick, Ga., last week for Pernambuco or Rio de Janeiro, Brazil. The monoplane was a single-motored machine. Inset above is a picture of Paul Redfern.

## COAL OUTPUT HIGHER FROM MINES IN B.C.

Although the total for last month was lower, Vancouver Island coal mines and all other mines of the Province had a greater output for the seven months period ending July, according to figures just released by Hon. William Sloan, Minister of Mines. The production on the Island totalled 763,780 tons, as compared with 679,879 tons in the corresponding period last year.

## WESTWARD TRAVEL NOW ON INCREASE

Empress of Canada Sails With Largest Westbound Passenger List of Year

Taking out a passenger list of 710, the largest westbound list of any vessel from this port this year, the Canadian Pacific flagship R.M.S. Empress of Canada, Capt. Samuel Robertson, R.N.R., cleared for the Far East last night.

The saloon list of the Canada was 200, while she had ninety-five second class, sixty third class and 355 steerage. Prominent passengers included: Mrs. John Duncan, wife of General Duncan, commander of forces in Shanghai, who is going to visit her husband accompanied by her daughter and the Hon. Mrs. Balfour; E. E. Beckwith of The Daily Express, London; Dr. J. Brodbeck, managing director of the Society of Chemical Industry, Basle, Switzerland; Mrs. H. McCall, wife of Col. McCall, at the British military headquarters in Shanghai; W. K. Lennon, Detroit, representing Chrysler Motors in the Orient; Mrs. H. C. Gray, Hong Kong; Mrs. H. Bowley, London; J. P. Vesey, G.N.R., Seattle; G. M. Witt, of the Dupont Powder Company; Mr. and Mrs. A. M. Sopher and family, Mr. Sopher being a prominent business man in Shanghai; Mrs. H. Towne, wife of a leading American business executive trading in the Orient; Mrs. D. B. Newcomb, of Shanghai; C. A. Calkins, Vancouver, Oriental importer, on a business journey; L. Dunbar, flour miller, Portland; Miss Esther Case, secretary of the Baptist Foreign Mission Board, and Mrs. E. W. Tisdall, of Shanghai, who has recently visited her son and daughter-in-law, Mr. and Mrs. G. A. Tisdall, at Sonoma.

The Canada had 3,000 tons of cargo in her holds for the outward trip including a shipment of silver, automobiles, flour, spelter machinery and general.

There will be a considerable number of business men from the State of Washington present at the Pacific Foreign Trade Conference which opens here September 15, according to A. P. Chapman Jr., general agent here for the Chinese, Milwaukee and St. Paul Railroad. Mr. Chapman returned here yesterday from Seattle where he attended the wedding of his son. In conversation with a number of bankers and shipping and railroad men of both U.S. and foreign lines, he learned that many would be in Victoria during the three-day conference. Great interest is being evinced in the neighboring State in the conference, he stated.

Many Washington Men Will be Here For Trade Parley

## TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, SEPTEMBER 2, 1902

Miss E. Pauline Johnson, the Indian poetess, arrived here last evening and left this morning for Nanaimo.

The Victoria team suffered defeat to the final score of 6-5 at the hands of the Everett nine at the Oak Bay diamond yesterday afternoon.

The steamer City of Nanaimo will resume its regular run to the Gulf Islands to-morrow.

Preparations for the annual Fall show are proceeding apace. The number of entries promised to exceed that of last year and the management fears that the space available will not be sufficient to accommodate all.

Weather Forecast—Victoria and vicinity: Light to moderate winds, chiefly north and east; continued fine and warm.

## Two Were Killed in Clash in Turkestan

Samarland, Turkestan, Sept. 2.—Two militiamen were killed by fanatical Moslems in the town of Chushta yesterday in disorders growing out of the

campaign initiated by the Soviet for untravelling Moslem women. The Moslems destroyed the building housing the Soviet executive committee and many Soviet officials were severely injured.

The ringleaders escaped, by the Soviet court condemned two of the Moslems to death and ten others to various terms of imprisonment.

## MOTOR SALESMEN TO BE DISCUSSED

Washington Man President of National Automotive Salesmen's Association

Washington, D.C., Sept. 2.—The National Automotive Salesmen's Association has completed its organization with the election of officers and an executive committee chosen from representative men in the selling portion of the automotive field.

Eugene Ochsenreiter of the Seamus Motor Company, Dodge distributors and one of the oldest and largest automobile firms in Washington, was elected to the presidency of the new association. He is assisted by three vice-presidents.

also selected with the idea of having the organization officered by men thoroughly representative of the best in motor-car salesmanship. W. C. Allison, of the Stanley H. Horner Buick agency, is first vice-president. A. J. W. G. Matthews of Mack International Motor Truck Company, was elected second vice-president. The third vice-president is L. L. Britt of Moth Motors Inc., Minneapolis distributors in this territory.

As chairman of the executive committee, in whose hands rests the direction of the body's affairs, the association chose Phil Kelly of the Ferguson Company, Washington, and Philadelphia representatives of Pierce-Arrow. In addition to the officers named, the executive committee also includes Bert Robertson, Wallace Motor Company, Washington; Nash distributors; Charles Barnes, Universal Motor Company, Ford agency; and J. W. Flaherty, Wallace Motor Company. The executive committee appointed Philip E. Bartfield as managing director of the association.

A programme of activities was discussed at the organization meeting. The new officers declared that they are anxious to proceed immediately with plans which have been formulated for promoting the interests of the automobile dealer and the salesman. Considerable emphasis was placed upon the desirability of making the association an effective co-operative instrument through which the salesmen of the country will be enabled to take constructive steps in behalf of the industry, the public and themselves.

The aims of the organization were reviewed in detail at the meeting and it was emphasized again that the purpose is not to unionize in the accepted sense of the word but to form a mental benefit association from which all who are directly identified with the industry as well as the purchasing public will derive definite advantage.

That the formation of the salesmen's association is attracting widespread attention throughout the country was indicated in a large number of letters, some of which were read at the meeting. The writers of these letters stated that they had felt the need of such an organization and now that it had been launched they were anxious to become identified with it.

## NASH FEATURES RIDING COMFORT

Exceptional riding comfort, a characteristic of each of the twenty-one new models recently introduced by Nash, is attributed to the new, secret process alloy steel springs developed by Nash engineers.

These springs are a departure from the usual in that they are individually designed to the weight and size of each model, offering scientific resistance to road shocks and eliminating guesswork as to their effectiveness on all types of roads.

There are actually nine different types of Nash springs in all. These types were developed for cars in nine different classifications of weight, centre of gravity, etc.

The alloy steel from which they are constructed is made by a secret process, which produces a metal perfectly suited for the purpose of absorbing shocks.

The spring action in the new Nash cars is said to duplicate in effect the action of the highest priced shock absorbers on the market.

In designing these springs, Nash engineers succeeded in overcoming all of the various types of riding discomfort so common over modern roads, even including those annoying section joints in concrete.

Because of the remarkable results obtained with the new springs, the Nash Motors Company recently conducted a national "Come Drive" week, to give as many people as possible a chance to try the riding qualities of the new cars. During this period Nash dealers throughout the country kept extra demonstrators on hand so that anyone who cared to drive one of the new models would be able to take a test ride.

During the period in which these tests were made by the public, Nash sales reached a total in July over 70 per cent greater than July, 1926. Orders received at the factory for August make it certain that this month will be the greatest single month in the history of the company.

## SUMANGO SURVEYED

S. Sumango of the Submarine Corporation arrived off the breakwater last night for survey and later sailed for New York.

Notice of Dominion Orders-in-council Published in B.C. Gazette

By Dominion Order-in-council, notice of which has just been received, the Campbell River Mills Limited is granted a lease to occupy a portion of the bed of the Sumas River in the railway belt of British Columbia. The Chesham Logging Company is granted a lease to occupy a portion of the bed of the Harrison River, also in the railway belt of British Columbia.

Notice is also published in the British Columbia Gazette of twenty applications to lease lands and ten applications to purchase lands.

## CONTRACTS CALLED FOR NEW BRIDGES

Government Will Replace Old Structures in Grand Forks District

Construction of two new bridges in the Grand Forks-Greenwood district will shortly be undertaken under the direction of the Public Works Department of the Provincial Government, it was announced to-day.

Tenders are called for the erection of one 140-foot trestle bridge at Rock Creek and two 150-foot trestle bridges at Cascade. Both are timber bridges on pile bents. Work will start in three weeks' time and the approximate cost will be \$20,000 for the Cascade bridge and \$12,000 for the one at Rock Creek. They are to replace existing bridges.

Tenders for the erection of a High School at Smithers are also called for by the Department of Public Works.

## OUR SERIAL STORY

**"The Wife & Co."**

By LYLE HAMILTON

"Who gave you the idea that you were qualified to run his business—to discharge old and faithful employees?"

Falling back on the old-age defense of senility, Molly prepared to cry.

"Go ahead and weep, if you want to," he said. "You took advantage of the tragedy in that man's life to injure him. You are trying to fire him, indirectly, by making it impossible for him to stay—or fix him so he would be worthless if he did stay. Shame on you!"

Molly was crying in earnest now.

"You knew I didn't give a continental hand-wrist office appliances you use. You knew he couldn't do any more than make you uncomfortable while he was talking to you. You knew that if you'd asked me, I'd have told you to suit yourself even about working Saturday afternoons. You knew—all that, didn't you?"

The girl bobbed her head, keeping her red, tear-streaked face covered with her hands.

"But you preferred to hurt him—and hurt me by doing it. He banded on the desk. He was dictating. I accepted his resignation. I told him I would not permit him to quit. I asked him to take a week's rest, for faithful service. Are you disappointed? Would you like to see him walking the pavement, patiently hunting for a job—a man past fifty, begging for work? Would you?"

She shook her head. Her throat was so swollen and her chest was heaving so violently that she could not speak.

"I ought to fire you, but I won't. He made the first wrong move; to that extent you've got a defence. Now clear out of here, and if I hear of any more malicious mischief in the office—look out!"

He sat down, and Molly, scarcely seeing where she went, passed through the dead silence of the main office to the washroom. There she washed her eyes in cold water, and with much effort gained sufficient control of herself to return to her desk.

Ten minutes later Mr. Frasier, as if nothing had happened, was dictating to her his daily memoranda to the staff.

When noon came, the girls clustered around to hear the end of the Sticks affair.

"Has he quit? Was he fired?" they demanded.

Molly only shook her head. "I don't want to talk about it," she said, her voice dull and expressionless. "I've had an awful morning. She took her hat and jammed it on her head. 'There's one thing I know—I'm going to quit!'"

Banging her typewriter into its cubbyhole, she walked down the aisle and out the door, Mary Holmquist running after her.

"I want to be alone," said Molly, as the other girl caught up with her, in the street.

"Oh, all right," the pretty blonde's temper was not ruffled. "But you're over your grouch, Molly. I wish you'd spill the story—I'm dying to hear what happened to Sticks!"

"What happened to him, you'd better say," returned Molly, stepping from the curb.

Instead of going to "The Greasy Spoon," where the girls would gather in a minute or two, she turned the corner and went up the street to another restaurant. There, over a thin sandwich and a cup of tea, she brooded long over her trouble.

She had not seen Mr. Frasier before in the mood he had shown that morning. No girl in her reasonable senses would want to see him in that mood again.

She looked at the clock. There was just time to get back to work. If she should leave her employment now without notice, it might be days before she found another job.

She seized her check, paid as she went out the door, and ran all the way to the office into which the last stragglers were hurrying. Mr. Frasier's buzzer rang just as she reached her desk.

He glanced up from a newspaper when she reached his desk.

"Have you decided when you'll present your resignation?" he inquired, idly.

"Did Mary Holmquist tell you?" she demanded.

"Nobody told me," he turned over a sheet of his paper and examined a

**DRAGGING-DOWN PAINS RELIEVED**

Woman Suffered Nearly a Year.  
Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moose Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound and it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try."—Mrs. ESTHER HOUGHTON, 114 Morse Square, Moose Jaw, Saskatchewan.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women.

For sale by druggists everywhere. C

Oh, excuse me! roared the Sea Lion.

Then as the rabbit gentleman and Baby Bunty drew near to the Pirate cave, they heard, as I told you, shouts for help.

"What you s'pose is the matter, Uncle Wig?" asked Bunty while from within the dark cave could be heard Jackie and Pestsie Bow Wow barking as hard as they could bark while Billie the goat bleated and the two Buntytall squirrel boys chattered at their teeth.

"Perhaps there were some old-fashioned Pirates asleep in the cave away far back in a dark corner," whispered

Mr. Longears, "and they don't like the boys to bother them."

"The boys are only playing," said Bunty. "I shouldn't think the Pirates would mind."

But something was wrong, that was sure. For such barks, snarls, whines, yelps, chattering and bleating as came from the Pirate cave you never heard!

"What can you do to help them, Uncle Wig?" whispered Bunty, for every now and then would come calls of:

"Help! Help! Help!"

At first Uncle Wiggly did not know what to do, but at last he saw, up on

top of the hill in which the Pirate cave was dug, a chimney hole to let out the smoke when, years ago, Pirates made fires in the cave to cook their meals. Hopping up on top of the den, the rabbit gentleman called down the chimney hole:

"Hello there, Jackie—Pestsie—Stumble—anybody! I'm Uncle Wiggly! What's the matter down there? Have you found some real Pirates?"

Jackie Bow Wow, inside the cave, happened to be directly under the chimney hole. He looked up and saw the face of the rabbit.

"But you're dressed up like the Po-

lice Dog!" barked Jackie.

"That's all right. I did it for a joke," explained Uncle Wiggly.

"Well, there's no joke in here!" chattered Billie the squirrel, as he, also, looked up and saw the rabbit. "We were going to take your gold and jewels, Uncle Wiggly, but now we're caught ourselves."

"By whom?" asked the rabbit talking down the chimney hole.

All this while the other boys inside the cave could be heard rushing about, shouting, yelling and throwing stones, while above that racket sounded a roar-

ing noise and a savage voice said:

"I'll catch every one of you! Yes, every one! If you'll only stop jumping around so much I could catch you easier!"

"Who is that?" cried Uncle Wiggly.

"It's a big Sea Lion," answered Jackie. "While we were here in the Pirate cave, waiting for Baby Bunty to bring you so we could take your gold and jewels to get some lollypops, all of a sudden the Sea Lion rushed up from the ocean and flopped in here before we could get out. He says it's his cave and he's going to bite us."

"That must never be," declared

Uncle Wiggly. "I'll fix that Sea Lion. He won't know I'm not the Police Dog and I'll tell him that if he doesn't flop back in the ocean I'll arrest him."

Hopping down off the top of the cave, Uncle Wiggly went in by the front door. There he saw the Sea Lion who had the animal boys huddled into a corner of the cave where he could easily catch them.

"Get back into your ocean or I'll arrest you!" cried Uncle Wiggly speaking as much like a Police Dog as he could. "Come on out!"

"Oh, excuse me!" roared the Sea Lion, looking over his shoulder. "I was

only teasing these boys. Sure, I'll go back to my ocean." And as it was dark in the cave the Sea Lion couldn't very well notice that it was Uncle Wiggly dressed like a Police Dog. And so, quite fooled, the bad chap flopped into the ocean and the Pirates were saved. Then Uncle Wiggly laughed, bought lollypops for everyone and this ends the story.

But if the talcum powder will sprinkle some perfume over the cloth flowers on the rag doll's hat so they will smell like real blossoms, I'll tell you next about Uncle Wiggly and the diving bird.

## INSPECTS C.N.R. WORKING METHODS

Consulting Engineer for the National Railways of Mexico Visits Canada

Montreal, Sept. 2.—"My visit to Canada is for the purpose of making a survey of railway transportation and more particularly with a view to studying the methods of management and operation of the Canadian National Railways," explained A. Peimbert of Mexico City, who is now in Montreal for the mission which he has undertaken.  
Mr. Peimbert is consulting engineer to the national railways of Mexico and also technical consultant to the financial department of the Mexican Government on railway matters.  
Accompanying Mr. Peimbert during his stay in Canada is S. Flores, accounting officer in the financial department of the Mexican National Railways. Mr. Peimbert and Mr. Flores have been busy engaged at the headquarters of the Canadian National Railways and have obtained financial, economic and statistics from officials in charge of these departments.

"The national railways of Mexico operate over 10,000 miles and have not been prosperous. It was natural, then, on learning of the success of the Canadian National Railways, to desire an inspection of such a system and its methods," said Mr. Peimbert in discussing his present trip to Canada. "The name of Sir Henry Thornton is well known in railway circles in the Republic, and the success which has attended his work in Canada has naturally stirred an active interest in the system, and I hope we in Mexico will be able to apply some of the lessons in dealing with our own problems."

## Speedy Vessels For Customs Work

Vancouver, Sept. 2.—A dispatch from Ottawa states that W. Cowan, chief of the preventive division of the Customs of the National Revenue, has just returned from a tour of inspection and organization in Western Canada. He has been provisionally increased for increased facilities to fight smuggling on the Pacific Coast.  
A motorboat suited to work in Vancouver harbor, it is said, is now being secured, also a fast and seaworthy craft for the straits able to start up against winter weather between Victoria and Vancouver.

## KINSMEN HONOR R. P. BUTCHART

First Honorary Membership of Victoria Club Awarded For Public Service

Mr. and Mrs. R. P. Butchart, who through their unselfish and tireless efforts have built up what has become an internationally known monument to floral beauty at "Benvenuto," were honored last night in the presentation to Mr. Butchart of the first honorary membership awarded by the Canadian organization of Kinsmen here.

The presentation was made by Gordon Campbell, president of the Victoria Kinsmen Club at a banquet held at the Empress Hotel. The president recalled that Mr. Butchart had expressed by his actions the ideals of all service clubs, which were voted in the thought: Service before self.

The Kinsmen Club of Victoria in conferring the membership was itself receiving an honor of which it was extremely sensible, and which would not be lightly held, said Mr. Campbell.

**WORK OF SERVICE CLUBS**

"We all owe a very great debt to the service clubs, and the fine work that they are doing," stated Mr. Butchart in reply. "You are the youngest service club in Canada. I am told, and from listening to-night to a review of your principles and ideals I can truly say that I believe you are going to make your presence felt in the field you have chosen."

"It gives me the very greatest pleasure in the world to receive such an honor as this at your hands, and not only am I glad to be here, but I will be delighted to co-operate with you in any way in which I may be of service," continued Mr. Butchart.

In closing he reminded his hearers that a great deal of the credit for the magnificent gardens was due to Mrs. Butchart, both, he said, having found it a great pleasure to have been the means of helping the community in any particular.

Roaring cheers concluded one of the heartiest and most spontaneous ovations ever heard in the hotel, as the Kinsmen rose and cheered the first honorary member to the echo.

**CLUB HONORED**

The Victoria club was the recipient of honors on its own account last night. The first president, Ainslie Helmcken, was appointed district governor for Alberta and British Columbia, the installation being made by Jack Clifford, national president of the organization, who complimented the Victoria unit on its progressive development.

The local club also won one of the chief honors of organization in Canada, the retention for the year of the founder's cup, that presented by Harold Rogers of Hamilton for the best attendance record throughout the Dominion. The trophy, a handsome silver cup, was received by President Campbell on behalf of Victoria Kinsmen.

Mr. Clifford told of the origination

of Kinsmen Clubs at Hamilton six years ago, as a Canadian organization with national ramifications. The ideals behind the club had been selected from the best of existing service clubs, and emphasis was laid on service to Canadian ideals and development.

The West had taken hearty strides in the progress of the organization, and the Victoria club had been in the forefront of the movement since formation, two years ago. It was something to have given a district governor to the movement, and to have won, in the same year, the highest trophy open to the club membership, the attendance cup, concluded the national president.

V. Shindler, national secretary, spoke briefly, conveying congratulations to the Victoria Kinsmen in their recent honors.

J. H. Fletcher, president of the Victoria Rotary Club, gave hearty greetings from a brother organization, the oldest service club in the city.

Archibald Wills, president of the Gyro Club, followed with similar acknowledgments from the Gyro membership, wishing every success to the Kinsmen of Victoria.

B. C. Nicholas congratulated the club on its part in the Diamond Jubilee festivities, an occasion at which the Kinsmen's Confederation Memorial became one of the chief centres around which much of the action of the anniversary celebrations took place.

Kinsman Percy White, delegate to the national convention, told of his experiences, and issued a friendly challenge from the Vancouver organization in the race for 1928 trophies.

## Langford

Langford, Sept. 2.—A tennis committee meeting was held at the home of Mr. and Mrs. Ernest Le Queues Tuesday evening. Arrangements were made for a mixed doubles tournament to be played Saturday, starting at 3 p.m. prompt. Single sets only will be played until the finals, when the best out of three games must be played. Prizes are being given for this event. Afternoon tea will be served and visitors welcomed.

On Sunday next there will be Holy Communion service at 9:30 a.m. in the evening service at 7 o'clock the Archdeacon will preach and dedicate a War Memorial in the shape of a new pulpit, which has been subscribed for by the parishioners. A hearty invitation is given to all to be present at these services, and especially to all ex-service men.

Mrs. H. A. Hincks and three children were visitors to Port Angeles on Monday.

Mrs. Grenville Jones of Victoria has rented a little cottage on the hillside at Langford Lake as a holiday home.

Mrs. C. Sainy of Victoria has been spending a few days at her Langford Lake bungalow, "Carluka," on the Island Highway.

Miss Bessy Milne, who has been visiting Miss Laura Catterall of Leigh Road, returned to her home in Victoria Monday.

Mr. and Mrs. D. Malcolm, from Vancouver, have now come to reside at "Westvale," Island Highway, Langford Lake.

Mr. and Mrs. Alex. G. Mackie of "The Cove," were visitors at Orcas Island, East Sound, Washington, on Sunday.

## Sidney

Sidney, Sept. 2.—Miss Jessie Brown and Roy Spencer of Vancouver are the guests of Mr. and Mrs. Halseh, "Shore Acres."

Mr. Seale of Seattle arrived on Saturday to join with his wife and children in a visit to Mr. and Mrs. G. A. Cochran, Second Street.

Miss Gladys Spencer of Seattle, formerly of Sidney, is a visitor here and is the guest of Mr. and Mrs. J. Mitchell, "The Orchard."

Mr. Geo. Griffin, accompanied by his grand-daughter, Margaret Critchley, left to-day for Port Alberni, where they will spend a week with relatives and friends.

Miss Myria Moore, who has been visiting in Seattle, arrived here to-day to visit with Mr. and Mrs. W. Whiting, Seventh Street, prior to leaving on Saturday for her home in Calgary.

Mr. and Mrs. Chris Peterson and family have moved to Port Alberni, where they will reside.

Mrs. C. W. Gaety of Leduc, Alberta, is visiting her sister, Mrs. F. G. Bartlett, Beach Road.

Mrs. H. G. Napper, who has been spending the summer months at her cottage at Patricia Bay, left on Wednesday for Victoria, where she will visit for a few days before returning to her home in Brandon, Man.

## Islands

Galliano Island, Sept. 2.—Mrs. Hawthorne and Mr. G. Georgeson gave a most enjoyable dance in honor of A. Georgeson's birthday. Among the visitors who were present were Miss Thornley, Miss Rae, Messrs. G. Harding, West, O'Connell and Garrick.

Mr. and Mrs. Miller Higgs have returned after a few days spent in Vancouver.

Miss C. Rae, who has been staying at Alta Lake, has returned to Whalers Camp.

Mrs. Lord and Betty have returned from a visit to Vancouver.

Miss Thornley of Sidney is a visitor here.

Mrs. Brown and family and Mrs. McClean have gone to Mayne Island to stay with Mr. D. Deacon.

Mr. C. Twiss has returned home from San Mateo.

Mrs. Newton is staying with Mrs. Shopland.

Mrs. Locke and family have gone to Victoria, after staying at the Haven.

Miss S. Shopland has returned home after a visit to Victoria.

Miss E. Ambrose has accepted the position of teacher.

Recent guests at the Farm House Inn were Mrs. Hughes, Mr. and Mrs. Whitehead, Mr. Braithwaite, Mr. and Mrs. and Miss Harrison of Vancouver.

## SATURNIA ISLAND

Mr. and Mrs. Gerald Payne have been spending a few days in Victoria.

Miss L. Burnett of Vancouver is staying with Mrs. Macfadyen.

Miss Payne of Sidney has been spending a few days with her brother and sister-in-law, Mr. and Mrs. G. Payne.

Mr. Macfadyen and the Rev. H. Payne have gone for a cruise among the islands with Mr. H. Payne of Sidney on his yacht the Veruna.

Mrs. W. Defty of Victoria is spending a few days here at her summer home.

## Metchosin

Metchosin, Sept. 2.—Thirty tons of special moulding sand, which is used for brass moulding, has been shipped from the sand pit near Witty's Beach, Metchosin, to Vancouver, and twenty tons to Victoria for use locally, within a past short period.

Capt. Harrington, recently arrived in the country from China, has purchased a piece of property at William Head and is residing temporarily on the property of Mrs. Tyrell Godman.

## Liberal Progress Traced by Speaker

Vancouver, Sept. 2.—H. S. Coultter delivered an address on the record of the Liberal Government of British Columbia during its decade in office, at a meeting of Division Two Vancouver Liberal Association last night.

He cited statistics showing the progress in all lines of industrial endeavor, paying a glowing tribute to the life-work of the late Premier Oliver. He predicted the late leader would be found to have a worthy successor in Hon. J. D. MacLean.
